"**16-2-109. Number and location of agency liquor stores.** (1) (a) In a community with a population of 12,000 or less, there may be one agency liquor store. In communities with populations greater than 12,000, there may be one agency liquor store for the first 12,000 inhabitants and one additional agency liquor store within increments of population of 40,000 inhabitants above 12,000 inhabitants. (b) In communities that are eligible for more than one agency liquor store, an agency liquor store established after April 25, 1995, may not be located within a 1-mile radius of any other agency liquor store in the community.

(2) An agency liquor store established after April 25, 1995, may not be located in a community that is closer than 35 miles to another community in which an agency liquor store is presently located, except in the circumstance when the most recent population estimates show a 25% growth in population or a growth of 1,000 inhabitants within a 2-year period, whichever is greater, and when this population increase is reasonably expected to continue for at least 5 years."

Section 23. Section 16-4-105, MCA, is amended to read:

"**16-4-105. Limit on retail beer licenses — wine license amendments — limitation on use of license — exceptions.** (1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this code and the rules of the department, may be issued to any person, firm, or corporation that is approved by the department as a person, firm, or corporation qualified to sell beer, except that:

(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of the cities and towns must be determined on the basis of population prescribed in 16-4-502 as follows:

(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of the towns, not more than one retail beer license;

(ii) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of the cities or towns, one retail beer license for every 500 inhabitants;

(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of the cities, four retail beer licenses for the first 2,000 inhabitants, two additional retail beer licenses for the next 2,000 inhabitants or major fraction of 2,000 inhabitants, and one additional retail beer license for every additional 2,000 inhabitants;

(b) the number of the inhabitants in incorporated cities and incorporated towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits of the cities or towns, governs the number of retail beer licenses that may be issued for use within the cities and towns and within a distance of 5 miles from the corporate limits of the cities and towns. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail beer licenses that may be issued for use in both the incorporated municipalities and within a distance of 5 miles from their respective corporate limits must be determined on the basis of the combined populations of both municipalities and may not exceed the limitations in this section. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town must be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of the city or town.

(c) retail beer licenses of issue on March 7, 1947, and retail beer licenses issued under 16-4-110 that are in excess of the limitations in this section are renewable, but new licenses may not be issued in violation of the limitations;

(d) the limitations do not prevent the issuance of a nontransferable and nonassignable retail beer license to an enlisted persons', noncommissioned officers', or officers' club located on a state or federal military reservation on May 13, 1985, or to a post of a nationally chartered veterans' organization or a lodge of a recognized national fraternal organization if the veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits or for use at premises situated within any unincorporated area must be determined by the department in its discretion, except that a retail beer license may not be issued for any premises so situated unless the department determines that the issuance of the license is required by public convenience and necessity pursuant to 16-4-203. Subsection (3) does not apply to licenses issued under this subsection (1)(e). The owner of the license whose premises are situated outside of an incorporated city or town may offer gambling, regardless of when the license was issued, if the owner and premises qualify under Title 23, chapter 5, part 3, 5, or 6.

The ~~division~~ *department* may issue an amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared-food business. Except for beer and wine licenses issued pursuant to 16-4-420, a person holding a beer and wine license may sell wine for consumption on or off the premises. Nonretention of the beer license, for whatever reason, means automatic loss of the wine amendment license.

(3) (a) Except as provided in subsections (1)(e) and (3)(b), a license issued pursuant to this section after October 1, 1997, must have a conspicuous notice that the license may not be used for premises where gambling is conducted.

(b) Subsection (3)(a) does not apply to licenses issued under this section if the department received the application before October 1, 1997. For the purposes of this subsection (3)(b), the application is received by the department before October 1, 1997, if the application's mail cover is postmarked by the United States postal service before October 1, 1997, or if the application was consigned to a private courier service for delivery to the department before October 1, 1997. (6) For purposes of this section, "restaurant" means a public eating place where individually priced meals are prepared and served for on-premises consumption. (ii) for a restaurant located in a quota area with a population of 20,001 to 60,000 persons, as the quota area population is determined in 16-4-105, if the number of restaurant beer and wine licenses issued in that quota area is equal to or less than 50% of the number of beer licenses that may be issued in that quota area pursuant to 16-4-105;

(d) If there are more applicants than licenses available in a quota area, then the license must be awarded by lottery as provided in subsection (9).

(9) (a) When a restaurant beer and wine license becomes available by the initial issuance of licenses under this section or as the result of an increase in the population in the quota area, the nonrenewal of a restaurant beer and wine license, or the lapse or revocation of a license by the department, then the department shall advertise the availability of the license in the quota area for which it is available. If there are more applicants than number of licenses available, the license must be awarded to an applicant by a lottery.

(b) Any applicant who operates a restaurant that meets the qualifications of subsection (6) for at least 12 months prior to the filing of an application must be given a preference, and any unsuccessful lottery applicants from previous selections must also be given a preference. An applicant with both preferences must be awarded a license before any applicant with only one preference.

(c) The department shall numerically rank all applicants in the lottery. Only the successful applicants will be required to submit a completed application and a one-time required fee. An applicant's ranking may not be sold or transferred to another person or entity. The preference and an applicant's ranking apply only to the intended license advertised by the department or to the number of licenses determined under subsection (8) when there are more applicants than licenses available. The applicant's qualifications for any other restaurant beer and wine license awarded by lottery must be determined at the time of the lottery.

(10) Under a restaurant beer and wine license, beer and wine may not be sold for off-premises consumption.

(11) An application for a restaurant beer and wine license must be accompanied by a fee equal to 20% of the initial licensing fee. If the department does not make a decision either granting or denying the license within 4 months of receipt of a complete application, the department shall pay interest on the application fee at the rate ~~set in 16-1-409(4)~~ *of 1% a month* until a license is issued or the application is denied. Interest may not accrue during any period that the processing of an application is delayed by reason of a protest filed pursuant to 16-4-203 or 16-4-207. If the department denies issuing a license to an applicant, the application fee, plus any interest, less a $100 processing fee, must be refunded to the applicant. Upon the issuance of a license, the licensee shall pay the balance of the initial licensing fee. The amount of the initial licensing fee is determined according to the following schedule:

(a) $5,000 for restaurants with a stated seating capacity of 60 persons or less;

(b) $10,000 for restaurants with a stated seating capacity of 61 to 100 persons; or

(c) $20,000 for restaurants with a stated seating capacity of 101 persons or more.

(12) The annual fee for a restaurant beer and wine license is $400.

(13) If a restaurant licensed under this part increases the stated seating capacity of the licensed restaurant or if the department determines that a licensee has increased the stated seating capacity of the licensed restaurant, then the licensee shall pay to the department the difference between the fees paid at the time of filing the original application and issuance of a license and the applicable fees for the additional seating.

(14) The number of beer and wine licenses issued to restaurants with a stated seating capacity of 101 persons or more may not exceed 25% of the total licenses issued.

(15) Possession of a restaurant beer and wine license is not a qualification for licensure of any gaming or gambling activity. A gaming or gambling activity may not occur on the premises of a restaurant with a restaurant beer and wine license."

(b) The application must be made in accordance with the rules adopted by the department. There is a $25 fee for the initial application. Any subsequent application renewal must be accompanied by a $25 application fee. The application fee must be deposited in the administration fund established in 39-71-201 to offset the costs of administering the program.

(c) When an application is approved by the department, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(d) The exemption, if approved, remains in effect for 3 years following the date of the department's approval. To maintain the independent contractor status, an independent contractor shall every 3 years submit a renewal application. A renewal application must be submitted for all independent contractor exemptions approved on or after July 1, 1995. (ii) if the employer has elected to be bound by the provisions of compensation plan No. 2 or 3, by delivering the notice to the board of directors of the corporation or to the management organization of the manager-managed limited liability company and to the insurer.

(b) If the employer changes plans or insurers, the employer's previous election is not effective and the employer shall again serve notice to its insurer and to its board of directors or the management organization of the manager-managed limited liability company if the employer elects to be bound.

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of workers' compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer's usual trade, business, or occupation. CHAPTER NO. 18

[SB 40]

AN ACT ADOPTING THE INTERSTATE COMPACT FOR ADULT OFFENDER SUPERVISION, WHICH PROVIDES FOR THE SUPERVISION OF CRIMINALS ON PAROLE WHO LEAVE THE STATE; AND REPEALING SECTIONS 46-23-1101, 46-23-1102, 46-23-1103, 46-23-1104, 46-23-1105, AND 46-23-1106, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Interstate Compact for Adult Offender Supervision — enactment and text — short title. (1) The Interstate Compact for Adult Offender Supervision is enacted into law as contained in this section and is entered into with any other states legally joining in the compact in substantially the same form as contained in this section.

(2) This section may be cited as the "Interstate Compact for Adult Offender Supervision".

Article I. Purpose

(1) The states entering into this compact recognize that they are responsible for the supervision of offenders who are authorized pursuant to this compact to travel across state lines to and from the compacting states and that the compacting states are responsible for tracking the location of offenders, transferring supervision authority in an orderly and efficient manner, and when necessary, returning an offender to the originating jurisdiction. The compacting states also recognize that Congress has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

(2) It is the purpose of this compact and the commission to provide the framework for the promotion of public safety, to protect the rights of victims

through the control and regulation of the interstate movement of offenders, to provide for the effective tracking, supervision, and rehabilitation of offenders by the sending and receiving states, and to equitably distribute the costs, benefits, and obligations of the compact among the compacting states.

(3) This compact creates a commission that will:

(a) establish uniform procedures to manage the movement between states of offenders placed under and released under the jurisdiction of courts, parole officers, correctional institutions, and other criminal justice agencies;

(b) ensure an opportunity for input and timely notice to victims and to jurisdictions where offenders are authorized to travel or to relocate across state lines;

(c) establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of compact activities to heads of state councils and to state executive, judicial, and legislative branches and criminal justice administrators;

(d) monitor compliance with rules governing the interstate movement of offenders and initiate interventions to address and correct noncompliance; and

(e) coordinate training and education regarding the regulation of interstate movement of offenders for officials involved in that activity.

(4) The compacting states recognize that an offender does not have a right to live in another state and that accredited officers of a sending state may at any time enter a receiving state and apprehend an offender under supervision, subject to the provisions of state laws, this compact, and rules promulgated under this compact. It is the policy of the compacting states that the activities conducted by the commission are the formation of public policies and are therefore public business.

Article II. Definitions

As used in this compact, unless the context clearly requires a different construction, the following definitions apply:

(1) "Adult" means a person legally classified as an adult and a minor treated as an adult by court order or by a statute or other operation of law.

(2) The commission consists of commissioners appointed by resident members of the state councils for the compacting states. The commission also includes individuals appointed by the commission who are not commissioners and who are members of interested organizations. The noncommissioner members must include one member each of national organizations of governors, legislators, state chief justices, attorneys general, and crime victims. Noncommissioner members are ex officio nonvoting members. The commission may provide by rule for additional, ex officio nonvoting members as it considers necessary.

(3) Each compacting state represented at a meeting of the commission is entitled to one vote. A majority of the compacting states constitutes a quorum for the transaction of business, unless a larger quorum is required by a commission rule.

The executive committee may act on behalf of the commission when the commission is not in session, except that the executive committee may not adopt commission rules. (2) The commission's initial rules must be adopted within 12 months of the commission's first meeting.

(3) (a) The commission shall, by a majority vote of the members, elect from among its members a presiding officer and a vice presiding officer, each of whom has the powers and duties specified in commission rules. The presiding officer or the vice presiding officer in the event of the presiding officer's absence or disability shall preside at all meetings of the commission. The presiding officer and vice presiding officer shall serve without compensation or remuneration from the commission other than, subject to the availability of budgeted funds, reimbursement for actual and necessary costs and expenses incurred in the performance of their duties.

(b) The commission shall, through its executive committee, appoint an executive director for a term and upon conditions and for compensation that the commission considers appropriate. The executive director shall serve as secretary to the commission and shall hire and supervise staff as authorized by the commission. A member may not be appointed as executive director.

(3) Each member of the commission may cast a vote and participate in the business and affairs of the commission. A member shall vote in person on behalf of the member's state and may not delegate a vote to another member, except that a state council may appoint another individual, in the absence of the member from that state, to cast a vote on behalf of the member at a specified meeting. The commission's rules may provide for members' participation in meetings by

telephone or other means of telecommunication or electronic communication. Voting conducted by telephone or other means of telecommunication or electronic communication is subject to the quorum and majority vote requirements of meetings at which members are present in person.

(4) The commission shall meet at least once during each calendar year. The presiding officer may call additional meetings at any time and shall call a meeting upon the request of a majority of the members.

(5) Except as otherwise provided in this compact or commission rule, public notice must be given of all meetings and all meetings are open to the public. Commission rules closing meetings must be consistent with the principles contained in 5 U.S.C. 552(b). The commission or any committee may close a meeting if it determines by a two-thirds vote that an open meeting would be likely to:

(a) relate solely to the commission's internal personnel practices and procedures;

(b) disclose matters specifically exempted from disclosure by statute;

(7) The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting, actions taken, and the reasons for each action, including a description of each of the views expressed on any item and the roll call or other vote on each action. Any document considered in connection with any action must be included in the minutes or identified in the minutes in a manner reasonably allowing a person to obtain a copy of the document.

(8) The commission shall collect standardized data, as provided in its rules, concerning the interstate movement of offenders. The rules must specify the data to be collected, the means of collection, and data exchange and reporting requirements.

(1) Commission rulemaking must conform to rulemaking criteria contained in this compact and commission rules and must substantially conform to the principles of the federal Administrative Procedure Act and the Federal Advisory Committee Act.

(2) A rule proposed or adopted by the commission is not binding on this state unless adopted by the department.

(3) Upon determination by the commission that an emergency exists, it may promulgate an emergency rule that becomes effective immediately upon adoption. The rule does not bind this state unless the department adopts it as an emergency rule of this state. The commission's emergency rule is effective for 90 days, but the commission may adopt the same rule using the principles referred to in subsection (1).

Article IX. Judicial and Administrative Proceedings Affecting Compact

The courts and executive agencies in each compacting state may enforce this compact and take any action allowed by this compact or other law and necessary and appropriate to effectuate the compact's purposes and intent. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact that may affect the powers, responsibilities, or actions of the commission, the commission must be given a copy of any process served within the time for service on the party or parties served and may intervene in the proceeding.

Article X. Finance

(1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission shall levy an annual assessment on each compacting state to cover the cost of the internal operations and activities of the commission and its staff. The total aggregate annual assessment on the compact states combined must be allocated among those states based upon a formula contained in a commission rule, taking into consideration the population of each state and the volume of interstate movement of offenders in each state. Each state council shall present its state's annual assessment to its legislature for an appropriation funding that amount.

(3) The commission may not incur a financial obligation prior to securing funds adequate to meet the obligation.

(4) The commission shall keep accurate accounts of all receipts and disbursements. A commission rule must provide for an annual audit of the receipts and disbursements by a certified or licensed public accountant, and the audit report must be included in the commission's annual report.

Article XI. Effective Date of Compact and Amendments

(1) This compact is effective and binding upon the later of July 1, 2001, or the enactment of the compact into law by 35 states. After that date, the compact is effective as to and binding upon a state upon enactment of the compact into law by that state.

(2) Amendments to the compact may be proposed by the commission for enactment by the compacting states. An amendment is effective upon enactment into law by unanimous consent of the compacting states.

Article XII. Withdrawal, Default, Termination, and Judicial Enforcement

(1) (a) A compacting state may withdraw from the compact by enacting a statute specifically repealing the statute that enacted the compact into law.

(b) The effective date of withdrawal is the effective date of the repeal.

(c) A compact administrator shall immediately notify the presiding officer of the commission in writing upon the introduction of legislation for the repeal of this compact. The commission shall notify the other compacting states of the intent to withdraw within 60 days of the commission's receipt of the notice.

(d) A withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations the performance of which extends beyond the effective date of withdrawal.

(2) (a) If the commission determines that a compacting state has defaulted in the performance of its obligations or responsibilities under this compact, the commission may, as provided in commission rules, impose one or more of the following penalties:

(i) reasonable fines, fees, and costs;

(ii) remedial training and technical assistance as directed by the commission;

(iii) suspension or termination of participation in the compact. Suspension or termination may be imposed only after all other reasonable means of securing compliance have been exhausted. The commission shall give immediate notice of suspension or termination to the governor, the chief justice, the majority and minority leaders of each house of the legislature, and the state council.

(b) The commission shall immediately notify the defaulting state in writing of any other penalty imposed by the commission. The commission shall stipulate the conditions and the time period for the state to cure its default. If the state fails to cure the default under the conditions or within the time period specified by the commission and the penalty imposed was not suspension or termination of participation in the compact, the commission may suspend or terminate participation in the compact.

(c) A defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of a suspension or termination of participation, including obligations the performance of which extends beyond the effective date of the suspension or termination.

(d) The commission may not assume any assessments, obligations, or liabilities of a defaulting state except as agreed upon between the commission and the defaulting state. Reinstatement following a suspension or termination of participation in the compact must be by commission approval as provided in the commission's rules.

(3) The commission may, by a majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the commission, in the federal district where the commission has its offices against a compacting state in default to enforce compliance with the

provisions of the compact or applicable rules. The prevailing party is entitled to all costs of litigation, including reasonable attorney fees.

(4) (a) The compact is dissolved effective upon the date that membership in the compact is reduced to one state because of withdrawals and terminations of participation.

CHAPTER NO. 33

[SB 93]

AN ACT PROVIDING A PROCEDURE FOR ADDRESSING LOST, DESTROYED, OR STOLEN CASHIER'S CHECKS, TELLER'S CHECKS, AND CERTIFIED CHECKS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Lost, destroyed, or stolen cashier's check, teller's check, or certified check. (1) In this section, the following definitions apply:

(a) "Check" means a cashier's check, teller's check, or certified check.

(b) "Claimant" means a person who claims the right to receive the amount of a cashier's check, teller's check, or certified check that was lost, destroyed, or stolen.

(c) "Declaration of loss" means a written statement, made under penalty of perjury, to the effect that:

(i) the declarer lost possession of a check;

(ii) the declarer is the drawer or payee of the check in the case of a certified check or the remitter or payee of the check in the case of a cashier's check or teller's check;

(iii) the loss of possession was not the result of a transfer by the declarer or a lawful seizure; and

(iv) the declarer cannot reasonably obtain possession of the check because the check was destroyed, its whereabouts cannot be determined, or it is in the wrongful possession of an unknown person or a person that cannot be found or is not amenable to service of process.

(d) "Obligated bank" means the issuer of a cashier's check or teller's check or the acceptor of a certified check.

(2) (a) A claimant may assert a claim to the amount of a check by a communication to the obligated bank describing the check with reasonable certainty and requesting payment of the amount of the check if:

(i) the claimant is the drawer or payee of a certified check or the remitter or payee of a cashier's check or teller's check;

(ii) the communication contains or is accompanied by a declaration of loss of the claimant with respect to the check;

(iii) the communication is received at a time and in a manner affording the bank a reasonable time to act on it before the check is paid; and

(A) the time the claim is asserted; or

(B) the 90th day following the date of the check in the case of a cashier's check or teller's check or the 90th day following the date of the acceptance in the case of a certified check.

(ii) Until the claim becomes enforceable, it has no legal effect and the obligated bank may pay the check or, in the case of a teller's check, may permit the drawee to pay the check. Payment to a person entitled to enforce the check discharges all liability of the obligated bank with respect to the check.

(iii) If the claim becomes enforceable before the check is presented for payment, the obligated bank is not obliged to pay the check.

(iv) When the claim becomes enforceable, the obligated bank becomes obliged to pay the amount of the check to the claimant if payment of the check has not been made to a person entitled to enforce the check. Subject to 30-4-302(1)(a), payment to the claimant discharges all liability of the obligated bank with respect to the check.

(3) If the obligated bank pays the amount of a check to a claimant under subsection (2)(b)(iv) and the check is presented for payment by a person having the rights of a holder in due course, the claimant is obliged to:

(b) pay the amount of the check to the person having rights of a holder in due course if the check is dishonored.

(4) If a claimant has the right to assert a claim under subsection (2) and is also a person entitled to enforce a cashier's check, teller's check, or certified check that is lost, destroyed, or stolen, the claimant may assert rights with respect to the check under either 30-3-309 or this section.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-195, MCA, is amended to read:

"15-30-195. (Temporary) Excess tax refund agreement (EXTRA) — process — requirements — limitations. (1) This section may be referred to as the "Excess Tax Refund Agreement" or "EXTRA".

(2) On or before October 15, 1995, the department of administration shall determine and certify to the governor the combined total of the unreserved ending fund balances in the general fund, described in ~~17-2-102(1)(a)(i)~~ *17-2-102(1)(a)*, and the school equalization aid account, described in 20-9-343, for the fiscal year ending June 30, 1995.

(3) If the amount of the unreserved ending fund balances described in subsection (2) exceeds $24.4 million, the amount in excess of $24.4 million, subject to the limitation provided in subsection (9), is the amount available for refund under this section.

(4) The amount determined under subsection (3) to be available for refund must be refunded on a pro rata basis to each taxpayer who filed a state income tax return, pursuant to 15-30-103, for tax year 1994.

(5) For the purposes of this section:

(a) the term "taxpayer" does not include a fiduciary or a beneficiary of an estate or trust who was required to file an income tax return pursuant to 15-30-135 unless a 1994 return was filed on behalf of a decedent;

(b) a return filed using the filing status married filing jointly is considered to have been filed by a single taxpayer; and

(c) the 1994 tax year is the 12-month period beginning January 1, 1994, and ending December 31, 1994, except that for fiscal year taxpayers, the 1994 tax year is a 12-month period ending between January 1, 1994, and December 31, 1994.

(6) (a) The pro rata distribution of the amount available for refund must be calculated by the department by dividing the amount available for refund described in subsection (3) by the total individual income tax liability as determined by the department from all 1994 tax year returns that were filed by October 15, 1995.

(b) The percentage determined in subsection (6)(a), adjusted to take into account the limitations contained in subsection (8), must be used as the adjusted percentage multiplier described in subsection (6)(c) to determine the amount of each taxpayer's refund. The department may not alter or change the adjusted percentage multiplier.

(c) The department shall calculate the amount of each taxpayer's refund by multiplying the amount of tax shown on the taxpayer's return on line 40 of the 1994 Montana Individual Income Tax Return, Form 2, or line 27 of the 1994 Montana Individual Income Tax Return, Short Form 2S, depending on the form used by the taxpayer for tax year 1994, by the adjusted percentage multiplier determined in subsection (6)(b).

(7) (a) The department shall calculate the amount of each taxpayer's refund based on the taxpayer's 1994 tax year return on file with the department by October 15, 1995. A taxpayer filing a delinquent return for the 1994 tax year after October 15, 1995, is not eligible for a refund under this section.

(b) (i) If a taxpayer files an amended return or if the department reviews a taxpayer's return and recalculates the tax due to the state, the department shall recalculate the refund due to the taxpayer under this section.

(ii) If the department's recalculation determines that the taxpayer has an increased tax liability for tax year 1994 and should receive an additional refund under this section as a result of increased 1994 liability, the department shall credit the additional amount of refund under this section to the amount of additional tax due from the taxpayer.

(iii) If the amount of the recalculated refund due to the taxpayer exceeds the amount of additional tax due from the taxpayer, the department shall pay the excess amount to the taxpayer, but only if the amount of the refund exceeds $10.

(iv) If, as the result of the taxpayer filing an amended return or of a review by the department, a taxpayer's original 1994 tax liability is decreased, any overpayment of the refund calculated by the department based on the original tax liability must be credited against any refund due to the taxpayer.

(8) A refund paid to a taxpayer pursuant to this section may not exceed $1,000. The department may not issue a refund under this section if the amount of the refund is $10 or less.

(9) Refunds may not be made under this section if the total amount available for refund as determined in subsection (3) is less than $10 million.

(10) Beginning in November 1995, the department shall calculate and issue refunds due to taxpayers under this section.

(11) (a) Notwithstanding the provisions of 15-1-211, any objection concerning the determination of the amount of refund or any other issue relating to the refunds provided in this section must be raised by the taxpayer with the department no later than 30 days after the refund is mailed to the taxpayer.

(b) A district court has no jurisdiction to entertain or consider any issue relating to the determination or payment of a refund made under this section unless the issue was first presented to the department and the taxpayer exhausted all administrative remedies. (Terminates July 1, 2001—sec. 7, Ch. 29, L. 1995.)"

If the tax imposed is less than the amount paid, the difference must be applied as a tax credit against tax liability for subsequent years or refunded if requested by the taxpayer.

Section 6. Section 17-2-102, MCA, is amended to read:

"**17-2-102. Fund structure.** ~~(1)~~ For the purpose of ensuring strict accountability for all revenue received and spent, there are in the state treasury only the following fund categories and types:

~~(a)~~*(1)* the governmental fund category, which includes:

~~(i)~~*(a)* the general fund, which accounts for all financial resources except those required to be accounted for in another fund;

~~(ii)~~*(b)* the special revenue fund type, which accounts for the proceeds of specific revenue sources (other than ~~expendable~~ *private purpose* trusts or major capital projects) that are legally restricted to expenditure for specified purposes. The financial activities of the special revenue fund type are subdivided, for operational purposes, into the following funds to serve the purpose indicated:

~~(A)~~*(i)* The state special revenue fund consists of money from state and other nonfederal sources deposited in the state treasury that is earmarked for the purposes of defraying particular costs of an agency, program, or function of state government and money from other nonstate or nonfederal sources that is restricted by law or by the terms of an agreement, such as a contract, trust agreement, or donation.

~~(B)~~*(ii)* The federal special revenue fund consists of money deposited in the treasury from federal sources, including trust income, that is used for the operation of state government.

~~(iii)~~*(c)* the capital projects fund type, which accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds or trust funds; ~~and~~

~~(iv)~~*(d)* the debt service fund type, which accounts for the accumulation of resources for and the payment of general long-term debt principal and interest; *and*

(e) the permanent fund type, which accounts for financial resources that are legally restricted to the extent that only earnings, but not principal, may be used;

~~(b)~~*(2)* the proprietary fund category, which includes:

~~(i)~~*(a)* the enterprise fund type, which accounts for operations:

~~(A)~~*(i)* that are financed and operated in a manner similar to private business enterprises whenever the intent of the legislature is that costs (i.e., expenses, including depreciation) of providing goods or services to the general public on a continuing basis are to be financed or recovered primarily through user charges; or

~~(B)~~*(ii)* whenever the legislature has decided that periodic determination of revenue earned, expenses incurred, or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes; and

~~(ii)~~*(b)* the internal service fund type, which accounts for the financing of goods or services provided by one department or agency to other departments or agencies of state government or to other governmental entities on a cost-reimbursed basis;

~~(c)~~*(3)* the fiduciary fund category, which includes trust and agency fund types used to account for assets held by state government in a trustee capacity or as an agent for individuals, private organizations, other governmental entities, or other funds. These include the:

~~(i)~~*(a)* ~~expendable~~ *private purpose* trust fund type;

~~(ii) nonexpendable trust fund type;~~

~~(iii)~~*(b)* investment trust fund type;

~~(iv)~~*(c)* pension *and other employee benefit* trust fund type; and

~~(v)~~*(d)* agency fund type.

~~(d)~~*(4)* the higher education funds, which include:

~~(i)~~*(a)* the current fund, which accounts for money deposited in the state treasury that is used to pay current operating costs relating to instruction, research, public service, and allied support operations and programs conducted within the Montana university system. The financial activities of the current fund are subdivided, for operational purposes, into the four following subfunds to serve the purpose indicated:

~~(A)~~*(i)* The unrestricted subfund segregates that portion of the current fund's financial resources that can be expended for general operations and is free of externally imposed restrictions, except those imposed by the legislature.

~~(B)~~*(ii)* The restricted subfund segregates that portion of the current fund's financial resources that can be expended for general operations but only for purposes imposed by sources external to the board of regents and the legislature.

~~(C)~~*(iii)* The designated subfund segregates that portion of the current fund's financial resources that is associated with general operations but is separately classified in order to accumulate costs that are to be recharged as allocated to other funds or subfunds, identifies financial activities related to special organized activities of educational departments in which the activity is fully supported by supplemental assessments, and identifies special supply and facility fees that are approved for collections beyond normal course fees and their disposition.

~~(D)~~*(iv)* The auxiliary subfund segregates that portion of the current fund's financial resources that is devoted to providing essential on-campus services primarily to students, faculty, or staff ~~wherein~~ *in which* a fee~~, which~~ *that* is directly related to but does not necessarily equal the cost of the service provided~~,~~ is charged to the consumer.

~~(ii)~~*(b)* the student loan fund, which accounts for money deposited in the state treasury that may be loaned to students, faculty, or staff for purposes related to education, organized research, or public services by the Montana university system;

~~(iii)~~*(c)* the endowment fund, which accounts for money deposited in the state treasury by the Montana university system ~~wherein~~ *in which* the principal portion of the amount received is nonexpendable but is available for investment~~, thus producing consumable income~~. Expendable earnings on endowment funds are to be transferred to appropriate operating funds pursuant to prevailing administrative requirements.

~~(iv)~~*(d)* the annuity and life income fund, which accounts for money deposited in the state treasury by the Montana university system under an agreement ~~whereby~~ *by which* the money is made available on *the* condition that the receiving unit of the Montana university system binds itself to pay stipulated amounts periodically to the donor or others designated by the donor over a specified period of time;

~~(v)~~*(e)* the plant fund, which accounts for those financial resources allocated to or received by the Montana university system for capital outlay purposes or to retire long-term debts associated with construction or acquisition of fixed assets and the net accumulative results of these activities; and

~~(vi)~~*(f)* the agency fund, which accounts for money deposited in the state treasury ~~wherein~~ *for which* the Montana university system acts in the capacity of a custodian or fiscal agent for individual students, faculty, staff, and qualified organizations.

~~(2) In addition to the funds provided for in subsection (1), there are in the state treasury the following account groups:~~

~~(a) the fixed assets account group, which is a self-balancing group of accounts set up to establish accounting control and accountability for the state's general fixed assets, except those accounted for in proprietary funds, trust funds, and the higher education funds designated in subsections (1)(d)(i)(D), (1)(d)(iii), and (1)(d)(v); and~~

~~(b) the long-term debt account group, which is a self-balancing group of accounts set up to establish accounting control and accountability for the state's unmatured general long-term liabilities, except those accounted for in proprietary funds, trust funds, and the higher education funds designated in subsections (1)(d)(i)(D), (1)(d)(iii), and (1)(d)(v).~~"

Section 7. Section 17-2-103, MCA, is amended to read:

"**17-2-103. Previous definitions of funds — identification or segregation of money and funds.** (1) It is the intent of the legislature that the definitions in 17-2-102 supersede all previous definitions of public funds that are inconsistent with the definitions found in this part.

(2) Any laws enacted ~~in the future~~ or any contracts entered into ~~in the future~~ in pursuance of law that require the segregation of money in the state treasury by means of a separate treasury fund must be interpreted as permitting the segregation of the money by means of a subfund or account within one of the funds created by 17-2-102.

(3) Each federal grant or other federal money within any subfund or account of one of the funds created by 17-2-102(1)~~(a)~~ through ~~(1)(e)~~ *(3)* must be identifiable as a separate accounting entity, reporting center, responsibility center, or revenue identification code, and an account must be made of each ~~such~~ grant or other money by income and expenditure for each federal grant year or fiscal year as may be applicable.

(4) Unless otherwise specifically provided in the statutes pertaining to the tax, the portion of taxes collected by the state that, pursuant to a statute, are to be allocated or distributed to units of local government, school districts, authorities, or other local governmental entities must be accounted for in a state special revenue fund, established in 17-2-102, as prescribed by the department in accordance with generally accepted accounting principles."

Section 8. Section 17-2-107, MCA, is amended to read:

"17-2-107. Accurate accounting records and interentity loans. (1) The department shall record receipts and disbursements for treasury funds and for accounting entities within treasury funds and shall maintain records in a manner that reflects the total cash and invested balance of each fund and each accounting entity. The department shall adopt the necessary procedures to ensure that interdepartmental or intradepartmental transfers of money or loans do not result in inflation of figures reflecting total governmental costs and revenue.

(2) (a) Subject to 17-2-105, when the expenditure of an appropriation from a fund designated in 17-2-102(1)~~(a)~~ through ~~(1)(e)~~ *(3)* is necessary and the cash balance in the accounting entity from which the appropriation was made is insufficient, the department may authorize a temporary loan, bearing no interest, of unrestricted money from other accounting entities if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. An accounting entity receiving a loan or an accounting entity from which a loan is made may not be so impaired that all proper demands on the accounting entity cannot be met even if the loan is extended.

(b) (i) When an expenditure from a fund or subfund designated in ~~17-2-102(1)(d)~~ *17-2-102(4)* is necessary and the cash balance in the fund or subfund from which the expenditure is to be made is insufficient, the commissioner of higher education may authorize a temporary loan, bearing interest as provided in subsection (4) *of this section*, of money from the agency's other funds or subfunds if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. A fund or subfund receiving a loan or from which a loan is made may not be so impaired that all proper demands on the fund or subfund cannot be met even if the loan is extended.

(ii) One accounting entity within each fund or subfund designated in ~~17-2-102(1)(d)~~ *17-2-102(4)* must be established for the sole purpose of recording loans between the funds or subfunds. This accounting entity is the only accounting entity within each fund or subfund that may receive a loan or from which a loan may be made.

(c) A loan made under subsection (2)(a) or (2)(b) must be repaid within 1 calendar year of the date on which the loan is approved unless it is extended under subsection (3) or by specific legislative authorization.

(3) Under unusual circumstances, the director of the department or the board of regents may grant one extension for up to 1 year for a loan made under subsection (2)(a) or (2)(b). The director or board shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(4) Any loan from the current unrestricted subfund to funds designated in ~~17-2-102(1)(d)(i)(D)~~ *17-2-102(4)(a)(iv)* and ~~(1)(d)(ii)~~ *(4)(b)* through ~~(1)(d)(vi)~~ *(4)(f)* must bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investments' short-term investment pool.

(5) If for 2 consecutive fiscal yearends a loan or an extension of a loan has been authorized to the same accounting entity as provided in subsection (2) or (3), the department or the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the second loan or extension was made, an analysis of the solvency of the accounting entity or accounting entities within the university fund or subfund, and a plan for repaying the loans.

(6) If for 2 consecutive fiscal yearends an accounting entity in a fund or subfund designated in ~~17-2-102(1)(d)~~ *17-2-102(4)* has a negative cash balance, the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the accounting entity has a negative cash balance, an analysis of the solvency of the accounting entity, and a plan to address any problems concerning the accounting entity's negative cash balance or solvency.

(7) (a) An accounting entity in a fund designated in 17-2-102(1)~~(a)~~ through ~~(1)(c)~~ *(3)* may not have a negative cash balance at fiscal yearend. The department may, however, allow a fund type within each agency to carry a negative balance at any point during the fiscal year if the negative cash balance does not exist for more than 7 working days.

(b) (i) Except as provided in subsection (7)(b)(ii) *of this section*, a unit of the university system shall maintain a positive cash balance in the funds and subfunds designated in ~~17-2-102(1)(d)~~ *17-2-102(4)*.

(ii) If a fund or subfund inadvertently has a negative cash balance, the department may allow the fund or subfund to carry the negative cash balance for no more than 7 working days. If the negative cash balance exists for more than 7 working days, a transaction may not be processed through the statewide accounting system for that fund or subfund.

(8) Notwithstanding the provisions of subsections (2) through (4), the department may authorize loans to accounting entities in the federal and state

special revenue funds with long-term repayment whenever necessary because of the timing of the receipt of agreed-upon reimbursements from federal, private, or other governmental entity sources for disbursements made. If possible, the loans must be made from funds other than the general fund. The department may approve the loans if the requesting agency can demonstrate that the total loan balance does not exceed total receivables from federal, private, or other governmental entity sources and receivables have been billed on a timely basis. The loan must be repaid under terms and conditions that may be determined by the department or by specific legislative authorization."

Section 9. Section 17-6-203, MCA, is amended to read:

"**17-6-203. Separate investment funds.** Separate investment funds ~~shall~~ *must* be maintained as follows:

(1) the ~~nonexpendable-trust~~ *permanent* funds, including all public school funds and funds of the Montana university system and other state institutions of learning referred to in ~~sections 2 and 10,~~ Article X, *sections 2 and 10,* of the ~~1972~~ Montana constitution. (b) The application must be made in accordance with the rules adopted by the department. There is a $25 fee for the initial application. Any subsequent application renewal must be accompanied by a $25 application fee. The application fee must be deposited in the administration fund established in 39-71-201 to offset the costs of administering the program.

(c) When an application is approved by the department, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(d) The exemption, if approved, remains in effect for 3 years following the date of the department's approval. To maintain the independent contractor status, an independent contractor shall every 3 years submit a renewal application. A renewal application must be submitted for all independent contractor exemptions approved on or after July 1, 1995. The department may impose the penalty for each false statement or misrepresentation. The penalty must be paid to the uninsured employers' fund. The lien provisions of 39-71-506 apply to the penalty imposed by this section.

(b) If the employer changes plans or insurers, the employer's previous election is not effective and the employer shall again serve notice to its insurer and to its board of directors or the management organization of the manager-managed limited liability company if the employer elects to be bound.

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of workers' compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer's usual trade, business, or occupation. "**19-20-603. Withdrawal of accumulated contributions — options.** An inactive member electing to do so or a person whose membership terminates without a prospect or anticipation that the member will return to work for an employer within 60 days of termination may withdraw the member's accumulated contributions from the annuity savings fund in the retirement system in accordance with the following provisions:

(1) An inactive member under the provisions of 19-20-303(1) or (3) may elect, without right of revocation, to withdraw the member's accumulated contributions. If the member does not withdraw the accumulated contributions, the member remains an inactive member of the retirement system with the right to qualify for its benefits.

(2) Upon recovery from a disabling illness or separation from the armed forces, a person qualifying as an inactive member under the provisions of 19-20-303(2) may withdraw the member's accumulated contributions unless the member returns to active membership.

(3) Upon written application to the board, a terminating member may have the payment of all or any portion of the member's accumulated contributions rolled over or transferred into another qualified plan designated by the member. The portion not rolled over or transferred must be paid directly to the terminating member. The board shall provide forms for ~~making~~ *filing* the written application. The terminating member is responsible for correctly designating an account or plan eligible to receive the tax-deferred amount in order to continue the tax-deferred status of the amount. To the extent required by section 401(a)(31) of the Internal Revenue Code, the board shall allow members and qualified beneficiaries to elect a direct rollover of eligible distributions to another eligible retirement plan.

(4) If a nonvested member terminates with accumulated contributions of less than $200, the board shall pay the accumulated contributions in a lump sum as soon as administratively feasible without a written application from the member unless there is a return to service. Section 19. Section 19-20-705, MCA, is amended to read:

"**19-20-705. Correction of erroneous payments.** *(1)* If a change or error in the records results in a member or beneficiary receiving from the retirement system more or less than ~~he~~ *the member or beneficiary* would have been entitled to receive had the records been correct, then, on discovery of the error, the retirement board shall correct the error and, as far as practicable, shall adjust the payments ~~in such a manner~~ *so* that the actuarial equivalent of the benefit to which the member or beneficiary was correctly entitled will be paid.

(a) adjustment of subsequent payments to the board from a member or an employer;

(b) collection of installment payments or a lump-sum payment from an employer; or

(a) Option 1—The member may use the total termination pay in the calculation of the member's average final compensation. The member and the employer shall pay contributions to the retirement system as determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time of termination.

(b) Option 2—The member may use a yearly amount of the total termination pay added to each of the 3 consecutive years' salary used in the calculation of the member's average final compensation. To determine the amount of termination pay used in the calculation of average final compensation, termination pay must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer shall pay contributions on the termination pay according to the rates provided for in 19-20-602 and 19-20-605(1). The contributions must be made at the time of termination.

(c) Option 3—The member may exclude the termination pay from the average final compensation. A contribution is not required of either the member or the employer.

(2) A binding, irrevocable *written* election required by this section must be ~~executed~~ *signed* by both the member and the employer *at least 90 days prior to the member's termination date* and must contain statements with regard to the contributions required to be made by the member under subsections (1)(a) and (1)(b) that:

(a) the contributions being picked up, although designated as member contributions, are being paid by the employer directly to the system in lieu of contributions by the member and that the picked up contributions are paid from the same source as compensation is paid;

(b) the member may not choose to directly receive the amounts deducted from the member's termination pay instead of having them paid by the employer to the system;

(c) the member may not prepay any portion of the contributions; and

(d) the effective date of the ~~pick-up~~ *pickup* is the date ~~of execution of the binding,~~ *that the* irrevocable *written* election *is signed* by both the member and employer. *The effective date must be at least 90 days prior to the date of the member's termination.* The ~~pick-up~~ *pickup* does not apply to a contribution made before the effective date of the ~~pick-up~~ *pickup.*

(3) Pursuant to subsection (2), contributions required under subsection (1)(a) or (1)(b) must be:

(a) deducted from the portion of termination pay that:

(i) constitutes wages for the purposes of section 3121 of the Internal Revenue Code, determined without regard to the wage base limitation; and

(ii) can be included in the member's gross income for federal tax purposes; and

(b) picked up by the employer.

(4) If a member ~~fails~~ *and the member's employer fail* to ~~make~~ *sign* the written election within the time period required in subsection (1) or if the ~~member~~ *member's* contribution is greater than the total amount of termination pay, the member may contribute for the purposes specified in subsections (1)(a) and (1)(b) *on* all or any part of the termination pay received. A contribution made pursuant

to this subsection cannot be picked up by the employer and is subject to the limitations of section 415 of the Internal Revenue Code."

Section 21. Designation of beneficiary. (1) Each member or recipient of a benefit shall file with the board a written application nominating a beneficiary who may be eligible to receive the benefit provided pursuant to this chapter. A member or benefit recipient may revoke the application and nominate a different beneficiary by filing a new form for this purpose with the board.

(2) A beneficiary who renounces an interest in the right to a payment of a benefit will be considered, for the purposes of further payment by the board of a renounced interest, to have predeceased the member or beneficiary.

Section 22. Section 19-20-804, MCA, is amended to read:

"**19-20-804. Allowance for service retirement.** (1) Upon termination, ~~an eligible~~ *a* member *who has attained normal retirement age* must receive a retirement allowance equal to one-sixtieth of the member's average final compensation, as limited by 19-20-715, multiplied by the sum of the number of years of creditable service and service transferred under 19-20-409.

(2) Except as provided in subsection (4), a retired member may be employed part-time in a position specified in 19-20-302 and may earn, without loss of retirement benefits, an amount not to exceed the greater of:

(a) one-third of the sum of the member's average final compensation ~~plus normal annual salary increases for teaching personnel employed by the school district, state agency, political subdivision, or university unit that employed the member at the time of retirement~~; or

(b) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

~~(3)~~*(4)* (a) Except as provided in subsection ~~(4)~~ *(5)*, the retirement benefit of a retired member employed in a full-time position or earning more than allowed by subsection (2) must be canceled beginning *in* the month in which the retired member returns to full-time employment or earns more than allowed.

(b) The retirement benefits of a retired member who was employed in a full-time position or who exceeded the amount that the retired member was eligible to earn under subsection (2) and who was reemployed for less than 1 year must, upon termination of employment, be reinstated beginning *in* the later of either the month following termination or July 1 of the school year following the date on which the retired member was reemployed. The reinstated retirement benefit is the amount that the retired member would have been entitled to receive had the retired member not returned to employment.

(c) Upon retirement after cancellation of a retired member's benefit pursuant to subsection ~~(3)(a)~~ *(4)(a)*, a retired member who is reemployed as an active member for a minimum of 1 year of full-time service must receive a recalculated benefit. The recalculated benefit is based on the service credit accumulated at the time of the member's previous retirement plus any service credit accumulated subsequent to reemployment.

~~(4)~~*(5)* If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be terminated."

Section 23. Section 19-20-1001, MCA, is amended to read:

(2) (a) In lieu of benefits provided for in subsection (1), if the deceased member qualified by reason of service for a retirement benefit, the nominated beneficiary may elect to receive a retirement allowance. The retirement allowance must be determined as prescribed in 19-20-804(1) and section 5, Chapter 549, Laws of 1981, in the same manner as if the member elected option A provided for in 19-20-702(2)(a).

(i) the first of the month following the date of death; or

(ii) the effective date of the member's retirement, as acknowledged in writing by the retirement system before the member's death.

~~(b)~~*(c)* In the event that payments made to ~~a recipient~~ *the beneficiary* do not equal the amount of the member's accumulated contributions before the member's death, the difference between the total retirement allowance payments made and the amount of the accumulated contributions at the time of the member's death must be paid to the ~~beneficiary~~ *beneficiary's estate.*

(3) If the deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year before the member's death, a lump-sum death benefit of $500 is payable to the member's designated beneficiary.

(4) If a deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year prior to the member's death, the sum of $200 a month must be paid to each minor child of the deceased member until the child reaches 18 years of age.

(5) If the member nominated more than one beneficiary to receive payment of a benefit provided by this section upon the member's death, then:

(a) each beneficiary is entitled to share in that benefit; and

(b) if a beneficiary predeceases the member, the benefit must be divided among the surviving beneficiaries."

[HB 234]

AN ACT ADOPTING THE UNIFORM ELECTRONIC TRANSACTIONS ACT; ALLOWING BUSINESS, COMMERCIAL, AND GOVERNMENTAL TRANSACTIONS TO OCCUR ELECTRONICALLY; PROVIDING RECOGNITION OF ELECTRONIC RECORDS, SIGNATURES, AND TRANSACTIONS; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 18] may be cited as the "Uniform Electronic Transactions Act".

Section 2. Definitions. In [sections 1 through 18]:

(1) "agreement" means the bargain of the parties in fact, as found in their language or inferred from other circumstances and from rules, regulations, and procedures given the effect of agreements under laws otherwise applicable to a particular transaction.

(2) "automated transaction" means a transaction conducted or performed, in whole or in part, by electronic means or electronic records, in which the acts or records of one or both parties are not reviewed by an individual in the ordinary course in forming a contract, performing under an existing contract, or fulfilling an obligation required by the transaction.

(3) "computer program" means a set of statements or instructions to be used directly or indirectly in an information processing system in order to bring about a certain result.

(4) "contract" means the total legal obligation resulting from the parties' agreement as affected by [sections 1 through 18] and other applicable law.

(5) "electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(6) "electronic agent" means a computer program or an electronic or other automated means used independently to initiate an action or respond to electronic records or performances, in whole or in part, without review or action by an individual.

(7) "electronic record" means a record created, generated, sent, communicated, received, or stored by electronic means.

(8) "electronic signature" means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

(9) "governmental agency" means an executive, legislative, or judicial agency, department, board, commission, authority, institution, or instrumentality of the federal government or of a state or of a county, municipality, or other political subdivision of a state.

(10) "information" means data, text, images, sounds, codes, computer programs, software, databases, or the like.

(11) "information processing system" means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.

(12) "person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, governmental agency, public corporation, or any other legal or commercial entity.

(13) "record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

(14) "security procedure" means a procedure employed for the purpose of verifying that an electronic signature, record, or performance is that of a specific person or for detecting changes or errors in the information in an electronic record. The term includes a procedure that requires the use of algorithms or other codes, identifying words or numbers, encryption, or callback or other acknowledgment procedures.

(15) "state" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States. The term includes an Indian tribe or band, or Alaskan native village, which is recognized by federal law or formally acknowledged by a state.

(16) "transaction" means an action or set of actions occurring between two or more persons relating to the conduct of business, commercial, or governmental affairs.

Section 3. Scope. (1) Except as otherwise provided in subsection (2), [sections 1 through 18] apply to electronic records and electronic signatures relating to a transaction.

(2) [Sections 1 through 18] do not apply to a transaction to the extent it is governed by:

(a) a law governing the creation and execution of wills, codicils, or testamentary trusts; and

(b) Title 30, chapter 1, other than 30-1-107 and 30-1-206, and chapters 3 through 9.

(3) [Sections 1 through 18] apply to an electronic record or electronic signature otherwise excluded from the application of [sections 1 through 18] under subsection (2) to the extent it is governed by a law other than those specified in subsection (2).

(4) A transaction subject to [sections 1 through 18] is also subject to other applicable substantive law.

Section 4. Use of electronic records and electronic signatures — variation by agreement. (1) [Sections 1 through 18] do not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

(2) [Sections 1 through 18] apply only to transactions between parties each of which has agreed to conduct transactions by electronic means. Whether the parties agree to conduct a transaction by electronic means is determined from the context and surrounding circumstances, including the parties' conduct.

(3) A party that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means. The right granted by this subsection may not be waived by agreement.

(4) Except as otherwise provided in [sections 1 through 18], the effect of any of its provisions may be varied by agreement. The presence in certain provisions of [sections 1 through 18] of the words "unless otherwise agreed", or words of similar import, does not imply that the effect of other provisions may not be varied by agreement.

(5) Whether an electronic record or electronic signature has legal consequences is determined by [sections 1 through 18] and other applicable law.

Section 5. Construction and application. [Sections 1 through 18] must be construed and applied:

(1) to facilitate electronic transactions consistent with other applicable law;

(2) to be consistent with reasonable practices concerning electronic transactions and with the continued expansion of those practices; and

(3) to effectuate its general purpose to make uniform the law with respect to the subject of [sections 1 through 18] among states enacting it.

Section 6. Legal recognition of electronic records, electronic signatures, and electronic contracts. (1) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.

(2) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.

(3) If a law requires a record to be in writing, an electronic record satisfies the law.

(4) If a law requires a signature, an electronic signature satisfies the law.

Section 7. Provision of information in writing — presentation of records. (1) If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, the requirement is satisfied if the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record.

(2) If a law other than [sections 1 through 18] requires a record to be posted or displayed in a certain manner, to be sent, communicated, or transmitted by a specified method, or to contain information that is formatted in a certain manner, the following rules apply:

(a) The record must be posted or displayed in the manner specified in the other law.

(b) Except as otherwise provided in subsection (4)(b), the record must be sent, communicated, or transmitted by the method specified in the other law.

(c) The record must contain the information formatted in the manner specified in the other law.

(3) If a sender inhibits the ability of a recipient to store or print an electronic record, the electronic record is not enforceable against the recipient.

(4) The requirements of this section may not be varied by agreement, but:

(a) to the extent a law other than [sections 1 through 18] requires information to be provided, sent, or delivered in writing but permits that requirement to be varied by agreement, the requirement under subsection (1) that the information be in the form of an electronic record capable of retention may also be varied by agreement; and

(b) a requirement under a law other than [sections 1 through 18] to send, communicate, or transmit a record by first-class mail, postage prepaid, or regular United States mail may be varied by agreement to the extent permitted by the other law.

Section 8. Attribution and effect of electronic record and electronic signature. (1) An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable.

(2) The effect of an electronic record or electronic signature attributed to a person under subsection (1) is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.

Section 9. Effect of change or error. If a change or error in an electronic record occurs in a transmission between parties to a transaction, the following rules apply:

(1) If the parties have agreed to use a security procedure to detect changes or errors and one party has conformed to the procedure, but the other party has not, and the nonconforming party would have detected the change or error had that

party also conformed, the conforming party may avoid the effect of the changed or erroneous electronic record.

(2) In an automated transaction involving an individual, the individual may avoid the effect of an electronic record that resulted from an error made by the individual in dealing with the electronic agent of another person if the electronic agent did not provide an opportunity for the prevention or correction of the error and, at the time the individual learns of the error, the individual:

(a) promptly notifies the other person of the error and that the individual did not intend to be bound by the electronic record received by the other person;

(b) takes reasonable steps, including steps that conform to the other person's reasonable instructions, to return to the other person or, if instructed by the other person, to destroy the consideration received, if any, as a result of the erroneous electronic record; and

(c) has not used or received any benefit or value from the consideration, if any, received from the other person.

(3) If neither subsection (1) nor (2) applies, the change or error has the effect provided by other law, including the law of mistake, and the parties' contract, if any.

(4) Subsections (2) and (3) may not be varied by agreement.

Section 10. Notarization and acknowledgment. If a law requires a signature or record to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record.

Section 11. Retention of electronic records — originals. (1) If a law requires that a record be retained, the requirement is satisfied by retaining an electronic record of the information in the record that:

(a) accurately reflects the information set forth in the record after it was first generated in its final form as an electronic record or otherwise; and

(b) remains accessible for later reference.

(2) A requirement to retain a record in accordance with subsection (1) does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.

(3) A person may satisfy subsection (1) by using the services of another person if the requirements of that subsection are satisfied.

(4) If a law requires a record to be presented or retained in its original form, or provides consequences if the record is not presented or retained in its original form, that law is satisfied by an electronic record retained in accordance with subsection (1).

(5) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with subsection (1).

(6) A record retained as an electronic record in accordance with subsection (1) satisfies a law requiring a person to retain a record for evidentiary, audit, or like

purposes, unless a law enacted after [the effective date of this act] specifically prohibits the use of an electronic record for the specified purpose.

(7) This section does not preclude a governmental agency of this state from specifying additional requirements for the retention of a record subject to the agency's jurisdiction.

Section 12. Admissibility in evidence. In a proceeding, evidence of a record or signature may not be excluded solely because it is in electronic form.

Section 13. Automated transaction. In an automated transaction, the following rules apply:

(1) A contract may be formed by the interaction of electronic agents of the parties, even if no individual was aware of or reviewed the electronic agents' actions or the resulting terms and agreements.

(2) A contract may be formed by the interaction of an electronic agent and an individual, acting on the individual's own behalf or for another person, including by an interaction in which the individual performs actions that the individual is free to refuse to perform and that the individual knows or has reason to know will cause the electronic agent to complete the transaction or performance.

(3) The terms of the contract are determined by the substantive law applicable to it.

Section 14. Time and place of sending and receipt. (1) Unless otherwise agreed between the sender and the recipient, an electronic record is sent when it:

(a) is addressed properly or otherwise directed properly to an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;

(b) is in a form capable of being processed by that system; and

(c) enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender or enters a region of the information processing system designated or used by the recipient that is under the control of the recipient.

(2) Unless otherwise agreed between a sender and the recipient, an electronic record is received when:

(a) it enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record; and

(b) it is in a form capable of being processed by that system.

(3) Subsection (2) applies even if the place the information processing system is located is different from the place the electronic record is considered to be received under subsection (4).

(4) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is considered to be sent from the sender's place of business and to be received at the recipient's place of business. For purposes of this subsection, the following rules apply:

(a) If the sender or the recipient has more than one place of business, the place of business of that person is the place having the closest relationship to the underlying transaction.

(b) If the sender or the recipient does not have a place of business, the place of business is the sender's or recipient's residence, as the case may be.

(5) An electronic record is received under subsection (2) even if no individual is aware of its receipt.

(6) Receipt of an electronic acknowledgment from an information processing system described in subsection (2) establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.

(7) If a person is aware that an electronic record purportedly sent under subsection (1), or purportedly received under subsection (2), was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, the requirements of this subsection may not be varied by agreement.

Section 15. Transferable records. (1) In this section, "transferable record" means an electronic record that:

(a) would be a note under Title 30, chapter 3, or a document under Title 30, chapter 7, if the electronic record were in writing; and

(b) the issuer of the electronic record expressly has agreed is a transferable record.

(2) A person has control of a transferable record if a system employed for evidencing the transfer of interests in the transferable record reliably establishes that person as the person to which the transferable record was issued or transferred.

(3) A system satisfies subsection (2), and a person is considered to have control of a transferable record, if the transferable record is created, stored, and assigned in a manner that:

(a) a single authoritative copy of the transferable record exists that is unique, identifiable, and, except as otherwise provided in subsections (3)(d) through (3)(f), unalterable;

(b) the authoritative copy identifies the person asserting control as:

(i) the person to which the transferable record was issued; or

(ii) if the authoritative copy indicates that the transferable record has been transferred, the person to which the transferable record was most recently transferred;

(c) the authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(d) copies or revisions that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;

(e) each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(f) any revision of the authoritative copy is readily identifiable as authorized or unauthorized.

(4) Except as otherwise agreed, a person having control of a transferable record is the holder, as defined in 30-1-201(20), of the transferable record and has the same rights and defenses as a holder of an equivalent record or writing under Title 30, chapters 1 through 9, including, if the applicable statutory requirements under 30-3-302(1), 30-7-501, or 30-9-350 are satisfied, the rights and defenses of a holder in due course, a holder to which a negotiable document of title has been duly negotiated, or a purchaser, respectively. Delivery, possession, and indorsement are not required to obtain or exercise any of the rights under this subsection.

(5) Except as otherwise agreed, an obligor under a transferable record has the same rights and defenses as an equivalent obligor under equivalent records or writings under Title 30, chapters 1 through 9.

(6) If requested by a person against which enforcement is sought, the person seeking to enforce the transferable record shall provide reasonable proof that the person is in control of the transferable record. Proof may include access to the authoritative copy of the transferable record and related business records sufficient to review the terms of the transferable record and to establish the identity of the person having control of the transferable record.

Section 16. Creation and retention of electronic records and conversion of written records by governmental agencies. Each governmental agency shall determine whether, and the extent to which, it will create and retain electronic records and convert written records to electronic records.

Section 17. Acceptance and distribution of electronic records by governmental agencies. (1) Except as otherwise provided in [section 11(5)], each governmental agency shall determine whether, and the extent to which, it will send and accept electronic records and electronic signatures to and from other persons and otherwise create, generate, communicate, store, process, use, and rely upon electronic records and electronic signatures.

(2) To the extent that a governmental agency uses electronic records and electronic signatures under subsection (1), the secretary of state, giving due consideration to security, may specify:

(a) the manner and format in which the electronic records must be created, generated, sent, communicated, received, and stored and the systems established for those purposes;

(b) if electronic records must be signed by electronic means, the type of electronic signature required, the manner and format in which the electronic signature must be affixed to the electronic record, and the identity of, or criteria that must be met by, any third party used by a person filing a document to facilitate the process;

(c) control processes and procedures as appropriate to ensure adequate preservation, disposition, integrity, security, confidentiality, and auditability of electronic records; and

(d) any other required attributes for electronic records that are specified for corresponding nonelectronic records or reasonably necessary under the circumstances.

(3) Except as otherwise provided in [section 11(5)], [sections 1 through 18] do not require a governmental agency of this state to use or permit the use of electronic records or electronic signatures.

Section 18. Interoperability. (1) The secretary of state may encourage and promote consistency and interoperability with similar requirements adopted by other governmental agencies of this and other states and the federal government and nongovernmental persons interacting with governmental agencies of this state. If appropriate, those standards may specify differing levels of standards from which governmental agencies of this state may choose in implementing the most appropriate standard for a particular application.

(2) The secretary of state may adopt rules to implement [sections 1 through 18] for state government that are consistent with the provisions of Title 2, chapter 20, however, governmental agencies are not limited to the use of a cryptosystem, as defined in 2-20-103, or any other specific technology for electronic transactions provided for in [sections 1 through 18].

Section 19. Codification instruction. [Sections 1 through 18] are intended to be codified as an integral part of Title 30, and the provisions of Title 30 apply to [sections 1 through 18].

Section 20. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 21. Effective date. [This act] is effective July 1, 2001.

Section 22. Applicability. [This act] applies to any electronic record or electronic signature created, generated, sent, communicated, received, or stored on or after July 1, 2001.

Section 1. Section 16-11-111, MCA, is amended to read:

"**16-11-111. Cigarette sales tax — exemption for sale to tribal member.** (1) *(a)* A tax on the purchase of cigarettes for consumption, use, or any purpose other than resale in the regular course of business is imposed and must be precollected by the wholesaler and paid to the state of Montana. AN ACT INCREASING THE NUMBER OF HOURS THAT A RETIREE MAY RETURN TO WORK IN A POSITION COVERED BY THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM; AMENDING SECTIONS 19-2-706, 19-3-908, AND 19-3-1106, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-2-706, MCA, is amended to read:

"**19-2-706. Additional service for member involuntarily terminated from membership service.** (1) An employee of the state or university system is entitled to the involuntary termination provision provided in subsection (3) if:

(a) the employee is a member of the public employees', game wardens' and peace officers', sheriffs', or highway patrol officers' retirement system;

(b) the employee's active service is involuntarily terminated because of elimination of the employee's position as a result of privatization, reorganization of an agency, closure of or a reduction in force at an agency, or other actions by the legislature or, in the case of a legislator, because of term limits terminating the service of the legislator in either one of the houses of the legislature;

(c) the employee is eligible for a normal service retirement or early retirement under the applicable provisions of the retirement system to which the member belongs; and

(d) the employee waives termination benefits for which the employee would otherwise be eligible under the State Employee Protection Act.

(2) The cost of each year of service purchased under this section is the total actuarial cost of purchasing the service based on the most recent actuarial valuation of the retirement system.

(3) The employer of an eligible member under subsection (1) shall pay a portion of the total cost of purchasing up to 3 years of additional service that the member was qualified to purchase under 19-3-513, 19-6-804, 19-7-804, or 19-8-904. The employer-paid portion applied toward the service purchase must be calculated using the formula A x B x C when:

(a) A is equal to a maximum of 3 additional years of service that the member is eligible to purchase;

(b) B is equal to the sum of the employer and employee contribution rates in the member's retirement system; and

(c) C is equal to the member's gross compensation paid during the immediate preceding 12 months of membership service. The employer may not be charged more than the total actuarial cost of the service purchased by the terminated employee.

(4) The member shall pay the difference, if any, between the full actuarial cost of the service to be purchased and the amount contributed by the employer under subsection (3). A member may elect to purchase less than the full amount of service for which the member is eligible under this section, but the election may not reduce the amount of the employer's contribution as calculated under subsection (3).

(5) The board may allow an employer to pay the contributions required under subsection (3) in installments for up to 10 years and may charge interest at a rate set by the board pursuant to 19-2-403.

(6) A member who has received additional service under this section and who returns to employment for the same jurisdiction for *960 or more hours in a calendar year in a position covered by the public employees' retirement system or for* 600 or more hours in a calendar year *in a position covered under any other retirement system* forfeits the additional service. The employer's contribution to purchase that member's additional service, minus any retirement benefits already paid, must be credited to the employer. As used in this subsection, the same jurisdiction means all agencies of the state, including the university system."

Section 2. Section 19-3-908, MCA, is amended to read:

"**19-3-908. Retirement incentive program — window of eligibility.** (1) Except as provided in subsection (4), a person who is an active member on February 1, 1993, and who voluntarily terminates service or whose service is involuntarily terminated because of a reduction in force on or after June 25, 1993, but before January 1, 1994, and who is eligible for a normal service retirement under 19-3-901 or early retirement under 19-3-902 is entitled to the retirement incentive provided in subsection (2).

(2) (a) The employer of an eligible member under subsection (1) shall pay the total cost of purchasing up to 3 years of additional service that the member is qualified to purchase under 19-3-513.

(b) The department of revenue shall pay the cost of purchasing up to 3 years of additional service for qualifying county assessors and deputy assessors eligible under subsection (1) whose employing county has not elected for participation in the incentive program as provided in subsection (4).

(c) A member is entitled to a refund for that portion of previously purchased additional service that would otherwise cause the member to be unqualified to receive all or part of the additional service provided in this section.

(3) An active member who is involuntarily terminated because of a reduction in force on or after March 1, 1993, but before June 25, 1993, and who, if the member had not been terminated, would have been eligible under subsection (1) for the retirement incentive is entitled to the retirement incentive under subsection (2) if the member was, at the time of termination, eligible for normal service retirement under 19-3-901 or early retirement under 19-3-902 and retires on or after June 25, 1993.

(4) Subject to subsection (2)(b), a contracting employer's participation in the incentive program described in this section is optional. A contracting employer may elect to provide the incentive by filing with the board a written notice of

election on or before June 1, 1993, and complying with rules adopted pursuant to subsection (6).

(5) County assessors and deputy assessors are eligible for the incentive program even if the employing county has not elected to participate in the incentive program.

(6) The board may allow an employer to pay the contributions required under subsection (2)(a) in installments for up to 10 years and may charge interest at a rate set by the board pursuant to 19-2-403. The board shall adopt rules to implement the provisions of this section.

(7) A member who has received additional service under this section and who returns to employment for the same jurisdiction for *960 or more hours in a calendar year in a position covered by the public employees' retirement system or for* 600 or more hours in a calendar year *in a position covered under any other retirement system* shall forfeit the additional service. The employer's contributions to purchase that member's additional service, minus any retirement benefits already paid, must be refunded to the employer. For purposes of this subsection, all agencies of the state, including the university system, are considered the same jurisdiction and other public employers contracting with the retirement system are each considered separate jurisdictions."

Section 3. Section 19-3-1106, MCA, is amended to read:

"**19-3-1106. Limited reemployment — reduction of service retirement benefit upon exceeding limits — exception.** (1) A retired member under 65 years of age who is receiving a service retirement benefit may return to employment covered by the retirement system for a period not to exceed ~~640~~ *960* hours in any calendar year without returning to active service and without any effect to the retiree's retirement benefit. The retirement benefit for any retiree exceeding this ~~640-hour~~ *960-hour* limitation in any calendar year after retirement must be temporarily reduced $1 for each $1 earned after working ~~640~~ *960* hours in that calendar year.

(2) A retiree 65 years of age or older who returns to employment covered by the retirement system is either subject to the ~~640-hour~~ limitation of subsection (1) or may earn in any calendar year an amount that, when added to the retiree's current annual retirement benefits, will not exceed the member's annualized final average salary, adjusted for inflation as of January 1 of the current calendar year, whichever limitation provides the higher limit on earned compensation to the retiree. Upon reaching the applicable limitation, the retiree's benefits must be temporarily reduced $1 for each $1 of compensation earned in covered service beyond the applicable limitation during that calendar year.

(3) A retiree returning to employment covered by the retirement system and the returning employee's employer shall certify to the board the number of hours worked by the retiree and the gross compensation paid to the retiree in that employment during any month after retirement.

(4) A retiree returning to employment covered by the retirement system may elect to return to active membership at any time during this period of covered employment.

(5) A retired member 70 1/2 years of age or older who returns to employment covered by the retirement system is not subject to the hour or earnings

limitations in subsections (1) and (2) or the reporting requirements in subsection (3)."

CHAPTER NO. 72

[HB 78]

AN ACT CLARIFYING PROVISIONS RELATED TO SPECIAL AND PERSONALIZED MILITARY LICENSE PLATES FOR DISABLED VETERANS; AND AMENDING SECTIONS 61-3-332 AND 61-3-453, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-332, MCA, is amended to read:

"61-3-332. Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that bears the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that bears the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that bears the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that bears the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that bears the distinctive letters "RV" or the letter "R" and the word "DEALER", and one for special license plates. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) (a) All number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For light vehicles that are permanently registered as provided in 61-3-527 or 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(3) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailers. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. Section 3. Section 85-2-306, MCA, is amended to read:

"85-2-306. Exceptions to permit requirements. (1) Ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works or, if another person has rights in the ground water development works, with the written consent of the person with those property rights. If the person does not have a possessory interest in the real property from which the ground water may be appropriated, the person shall provide to the owner of the real property written notification of the works and the person's intent to appropriate ground water from the works. The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. *The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.* Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit. Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department ~~at its offices and at the offices of the county clerk and recorders~~ *through its offices.* Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days *of notification of defects* or within a further time as the department may allow, not to exceed 6 months. If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiling a correct and complete notice with the department. A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification as necessary under this subsection. The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(2) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (1), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (1), or the date of the filing of the claim of existing water right. An appropriation under this subsection is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(3) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is less than 30 acre-feet a year and is from a source other than a perennial flowing stream and the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger. As used in this subsection, "perennial flowing stream" means a stream that historically has flowed continuously during all seasons of the year, during dry as well as wet years. However, within 60 days after constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Upon receipt of a correct and complete application for a stockwater provisional permit, the department shall then automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(4) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113."

Section 4. Section 85-2-516, MCA, is amended to read:

"85-2-516. Well logs. Within 60 days after any well is completed, the driller shall file with the department a well log report on a form provided by the department ~~at its offices and at the offices of the county clerk and recorders~~ *through its offices*. The department may return the report for refiling if it is incomplete or incorrect. The department shall provide a copy of the complete and correct well log to the Montana bureau of mines and geology."

Section 5. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations.

Section 6. Effective date. [This act] is effective on passage and approval.

Approved March 20, 2001

Section 10. Section 82-4-254, MCA, is amended to read:

"**82-4-254. Violation — penalty — waiver.** (1) Except as provided in subsection (2), a person or operator who violates any of the provisions of this part, rules or orders adopted under this part, or term or condition of a permit and any director, officer, or agent of a corporation who willfully authorizes, orders, or carries out a violation shall pay ~~a civil~~ *a civil* penalty of not less than $100 or more than $5,000 for the violation and an additional ~~civil~~ *civil* penalty of not less than $100 or more than $5,000 for each day during which a violation continues and may be enjoined from continuing the violations as provided in this section. Any person or operator who fails to correct a violation within the period permitted by law, rule of the board, or order of the department ~~shall~~ *must* be assessed ~~a~~ *a* penalty of not less than $750 for each day, up to 30 days, during which the failure or violation continues. The period permitted for correction of a violation does not, in the case of any review proceeding under 82-4-251(6), end until entry of a final order suspending the abatement requirements or until entry of an order of court ordering suspension of the abatement requirements. If the failure to abate continues for more than 30 days, the department shall, within 30 days after the 30-day period, take appropriate action pursuant to 82-4-251(3) or request action under subsection (4) or (6) of this section.

(2) The department may waive the ~~civil~~ *civil* penalty for a minor violation of this part, a rule or order adopted under this part, or a term or condition of a permit if the department determines that the violation is not of potential harm to public health, public safety, or the environment and does not impair the administration of this part. The board shall adopt rules to implement and administer a procedure for waiver of a penalty under this subsection.

(3) The department shall notify the person or operator of the violation. By filing a written request within 20 days of receipt of the notice of violation, *stating the reason for the request,* the person or operator is entitled to a hearing *before the board under 82-4-206* on the issues of whether the alleged violation has occurred and whether the penalty proposed to be assessed is proper. The department shall issue a statement of proposed penalty no more than 10 days after *issuing the* notice of violation. After ~~the~~ *a* hearing ~~or after the time for requesting a hearing has expired~~, the ~~department~~ *board* shall make findings of fact, ~~and~~ shall issue a written decision as to the occurrence of the violation and, *if the board finds that the violation occurred,* the amount of penalty warranted, and shall order the payment of ~~a~~ *the* penalty ~~in that amount~~. *If the time for requesting a hearing expires without a hearing request, the department shall make the findings of fact and issue the written decision and order.* The person or operator shall remit the amount of the penalty within 30 days of the order. If the person or operator wishes to obtain judicial review of the assessment, the person or operator shall submit with the penalty a statement that the penalty is being paid under protest and the department shall hold the payment in escrow until judicial review is complete. Any person or operator who fails to request and submit testimony at the hearing provided for in this subsection or who fails to pay the assessed penalty under protest within 30 days of the order assessing the penalty forfeits the right to seek judicial review of the violation or penalty determinations. These penalties are recoverable in any action brought in the name of the state of Montana by the attorney general in the district court of the first judicial district ~~of this state~~, ~~in and for the county of~~ Lewis and Clark *County*, or the district having jurisdiction over the defendant.

(4) The attorney general shall, upon request of the director of *the department* ~~environmental quality~~, sue for the recovery of the penalties provided for in this section and bring an action for a restraining order or temporary or permanent injunction against an operator or other person who:

(a) violates, threatens to violate, or fails or refuses to comply with any order or decision issued under this part;

(b) interferes with, hinders, or delays the department in carrying out the provisions of this part;

(c) refuses to admit an authorized representative of the department to the permit area;

(d) refuses to permit inspection of the permit area by an authorized representative of the department;

(e) refuses to furnish any information or report requested by the department in furtherance of the provisions of this part; *or*

(f) refuses to permit access to and copying of records that the department determines to be necessary in carrying out the provisions of this part.

(5) Any relief granted by a court under subsection (4)(a) continues in effect until the completion or final termination of all proceedings for review of relief granted under this part unless, prior to the final determination, the district court granting the relief sets it aside or modifies it.

(6) A person who violates any of the provisions of this part or any determination or order adopted under this part or who willfully violates any permit condition issued under this part is guilty of a misdemeanor and shall be fined *an amount* not less than $500 and not more than $10,000 or *be* imprisoned for not more than 1 year, or both. Each day on which the violation occurs constitutes a separate offense.

(7) Any person who knowingly makes any false statement, representation, or certification or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained pursuant to this part shall upon conviction be punished by a fine of not more than $10,000 or by imprisonment for not more than 1 year, or both.

(8) Any person who except as permitted by law willfully resists, prevents, impedes, or interferes with the department or its agents in the performance of duties pursuant to this part shall be punished by a fine of not more than $5,000 or by imprisonment for not more than 1 year, or both.

(9) An employee of the department performing any function or duty under this part may not have a direct or indirect financial interest in any strip- or underground-coal-mining operation. A person who knowingly violates the provisions of this subsection shall upon conviction be punished by a fine of not more than $2,500 or by imprisonment of not more than 1 year, or both."

Section 11. Section 82-4-338, MCA, is amended to read:

"**82-4-338. Performance bond.** (1) ~~The~~ *An* applicant *for an exploration license or operating permit* shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the sum to be determined by the department of not less than $200 for each acre or fraction of an acre of the disturbed land, conditioned upon the faithful performance of the requirements of this part, the rules of the board, and the permit. In lieu of a bond, the applicant may file with the department a cash deposit, an assignment of a certificate of deposit, or other surety acceptable to the department. The bond may not be less than the estimated cost to the state to ensure compliance with this part, the rules, and the permit, including the potential cost of department management, operation, and maintenance of the site upon temporary or permanent operator insolvency or abandonment, until full bond liquidation can be effected. A public or governmental agency may not be required to post a bond under the provisions of this part. A blanket performance bond covering two or more operations may be accepted by the department. A blanket bond must adequately secure the estimated total number of acres of disturbed land.

(2) The department shall conduct an overview of the amount of each bond annually and shall conduct a comprehensive bond review at least every 5 years. The department may conduct additional comprehensive bond reviews if, after modification of ~~the~~ *a* reclamation or operation plan, an annual overview, or an inspection of the permit area, the department determines that an increase of the bond level may be necessary. The department shall consult with the licensee or permittee if ~~the~~ *a* review indicates that the bond level should be adjusted. When determined by the department that the set bonding level of a permit or license does not represent the present costs of compliance with this part, the rules, and the permit, the department may modify the bonding requirements of that permit or license. The department shall make written findings, give the licensee or permittee a copy of the findings, and, for operating permits, publish notice of the findings in a newspaper of general circulation in the county in which the operation is located. The permittee or any person with an interest that may be adversely affected may obtain a contested case hearing *before the board* under the provisions of the Montana Administrative Procedure Act, *Title 2, chapter 4, part 6,* on the adjusted bond level by filing with the department within 30 days of the notice a written request for hearing *stating the reason for the request.*

(3) A bond filed in accordance with the provisions of this part may not be released by the department until the provisions of this part, the rules adopted pursuant to this part, and the permit have been fulfilled.

(4) A bond filed for an operating permit obtained under 82-4-335 may not be released or decreased until the public has been provided an opportunity for a hearing and a hearing has been held if requested. The department shall provide reasonable statewide and local notice of the opportunity for a hearing, including but not limited to publishing the notice in newspapers of general daily circulation.

(5) All bonds required in accordance with the provisions of this section must be based upon reasonably foreseeable activities that the applicant may conduct in order to comply with conditions of an operating permit or license. Bonds may be required only for anticipated activities as described in subsection (1). Only those activities that themselves or in conjunction with other activities have a reasonable possibility of occurring may be bonded.

(6) At the applicant's discretion, bonding in addition to that required by this section may be posted. These unobligated bonds may, on the applicant's request, be applied to future bonds required by this section."

Section 12. Section 82-4-353, MCA, is amended to read:

"82-4-353. Administrative remedies — notice — *appeals* — parties. (1) Upon receipt of an application for an operating permit, the department shall provide notice of the application by publication in a newspaper of general circulation in the area to be affected by the operation. The notice ~~shall~~ *must* be published once a week for 3 successive weeks.

(2) An applicant for a permit or license, or for an amendment or revision to a permit or license, may request a hearing on a denial of the application by submitting a written request for a hearing within 30 days of receipt of written

notice of the denial. The request must state the reason that the hearing is requested.

~~(13)~~*(17)* charging any interest, fees, or charges other than those specifically authorized by this part, including but not limited to charges for insurance;

~~(14)~~*(18)* threatening to take any action against a consumer that is prohibited by this part or making any misleading or deceptive statements regarding the deferred deposit loan;

~~(15)~~*(19)* making a misrepresentation of a material fact by an applicant in obtaining or attempting to obtain a license;

CHAPTER NO. 82

[HB 147]

AN ACT REQUIRING THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO COMPLETE AND PUBLISH A FINAL ENVIRONMENTAL IMPACT STATEMENT AT LEAST 15 DAYS PRIOR TO THE DATE OF ISSUANCE OF THE WRITTEN FINDINGS ON A PERMIT APPLICATION; AMENDING SECTION 82-4-231, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, The Montana Strip and Underground Mine Reclamation Act now requires the Department of Environmental Quality to complete and publish a final environmental impact statement within 365 days of notifying the applicant that the application for a permit or a major permit amendment is administratively complete; and

WHEREAS, applications that are administratively complete may be revised significantly because of substantive deficiencies under The Montana Strip and Underground Mine Reclamation Act discovered by the Department in its subsequent acceptability review of the application; and

WHEREAS, the preparation of an environmental impact statement prior to the Department's acceptability review is inefficient; and

WHEREAS, completion of the environmental impact statement 15 days prior to the Department's written findings will allow efficient preparation of the environmental impact statement and will not delay the decision on the application.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-231, MCA, is amended to read:

"82-4-231. Submission of and action on reclamation plan. (1) As rapidly, completely, and effectively as the most modern technology and the most advanced state of the art will allow, each operator granted a permit under this part shall reclaim and revegetate the land affected by the operation, except that underground tunnels, shafts, or other subsurface excavations need not be revegetated. Under the provisions of this part and rules adopted by the board, an operator shall prepare and carry out a method of operation, *a* plan of grading, backfilling, highwall reduction, subsidence stabilization, water control, *and* topsoiling~~,~~ and a reclamation plan for the area of land affected by the operation. In developing a method of operation and plans of *grading,* backfilling, *highwall reduction,* subsidence stabilization, water control, ~~grading, highwall reduction,~~ topsoiling, and reclamation, all measures ~~shall~~ *must* be taken to eliminate damages to landowners and members of the public, their real and personal property, public roads, streams, and all other public property from soil erosion, subsidence, landslides, water pollution, and hazards dangerous to life and property.

(2) The reclamation plan ~~shall~~ *must* set forth in detail the manner in which the applicant intends to comply with ~~this section and~~ 82-4-232 through 82-4-234 *and this section*~~, as amended,~~ and the steps to be taken to comply with applicable air and water quality laws and rules and any applicable health and safety standards.

(3) The application for permit or major revision of a permit, which ~~shall~~ *must* contain the reclamation plan, ~~shall~~ *must* be submitted to the department.

(4) The department shall determine whether the application is administratively complete. An application is administratively complete if it contains information addressing each application requirement in 82-4-222 and the rules implementing that section and all information necessary to initiate processing and public review. The department shall notify the applicant in writing of its determination no later than 90 days after submittal of the application. If the department determines that the application is not administratively complete, it shall specify in the notice those items ~~which~~ *that* the application must address. The application ~~shall be~~ *is* presumed administratively complete as to those requirements not specified in the notice.

(5) If the department determines that an environmental impact statement on the application is required, it shall notify the applicant in writing at the same time it gives the applicant notice pursuant to subsection (4).

(6) After the applicant receives notice that the application is administratively complete, the applicant shall publish notice of filing of the application once a week for 4 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. The department shall notify various local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies in the locality in which the proposed mining will take place of the application and provide a reasonable time for them to submit written comments. Any person having an interest ~~which~~ *that* is or may be adversely affected or the officer or head of any federal, state, or local governmental agency or authority ~~shall have the right to~~ *may* file written objections to the proposed initial or revised application for permit or major revision within 30 days of the applicant's published notice. If written objections are filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 30 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons ~~therefor~~ *for the decision* within 60 days of the informal conference. The department may arrange with the applicant upon request by any party to the administrative proceeding for access to the proposed mining area for the purpose of gathering information relevant to the proceeding.

(7) The filing of written objections or a request for an informal conference ~~shall~~ *may* not preclude the department from proceeding with its review of the application as specified in subsection (8).

(8) (a) The department shall review each administratively complete application and determine the acceptability of the application. During the review, the department may propose modifications to the application or delete areas from the application in accordance with the requirements of 82-4-227. A complete application is considered acceptable when the application is in compliance with all of the applicable requirements of this part and the regulatory program pursuant to this part.

(b) If the applicant significantly modifies the application after the application has been determined administratively complete in accordance with subsection (4), the department shall under this section either deny the application or conduct a new review, including an administrative completeness determination, public notice, and objection period.

(c) If an environmental impact statement is determined to be necessary prior to making a permit decision, the department shall complete and publish the final environmental impact statement ~~within 365 days of the date of notice provided pursuant to subsection (5)~~ *at least 15 days prior to the date of issuance of the written findings pursuant to subsection (8)(f).*

(d) Within 120 days after it determines that an application is administratively complete, the department shall notify the applicant in writing whether the application is or is not acceptable. If the application is not acceptable, the department shall set forth the reasons why it is not acceptable, and it may propose modifications, delete areas, or reject the entire application. All items not specified as unacceptable in the department's notification are presumed to be acceptable. If the applicant revises the application in response to a notice of unacceptability, the department shall review the revised application and notify the applicant in writing within 120 days of the date of receipt whether the revised application is acceptable. If the revision constitutes a significant modification under subsection (8)(b), the department shall conduct a new review, beginning with an administrative completeness determination.

(e) When the application is determined to be acceptable, the department shall publish notice of its determination once a week for 2 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. Any person having an interest that is or may be adversely affected may file a written objection to the determination within 10 days of the department's last published notice. If a written objection is filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 20 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons ~~therefor~~ *for the decision* within 10 days of the informal conference.

(f) The department shall prepare written findings granting or denying the permit or major revision application in whole or in part no later than 45 days from the date the application is determined acceptable ~~or from the publication of the final environmental impact statement, whichever occurs later~~. However, if lands subject to the federal lands program are included in the application for permit or major revision, the department shall prepare and submit written findings to the federal regulatory authority. If the department's decision is to grant the permit, the department shall issue the permit on the date of its written finding or, if any federal concurrence is necessary, on the date when ~~such~~ *the* concurrence is obtained. If the application is denied, specific reasons for the denial must be set forth in the written notification to the applicant.

(g) If the department fails to act within the times specified in this subsection (8), it shall immediately notify the board in writing of its failure to comply and the reasons for the failure to comply.

(9) The applicant, a landowner, or any person with an interest that is or may be adversely affected by the department's permit decision may within 30 days of that decision submit a written notice requesting a hearing. The notice must contain the grounds upon which the requester contends that the decision is in error. The hearing ~~shall~~ *must* be held within 30 days of the request. For purposes of a hearing, the department may order site inspections of the area pertinent to the application. The department shall within 20 days of the hearing notify the person who requested the hearing, by certified mail, and all other persons, by regular mail, of the findings and decisions. ~~No~~ *A* person who presided at the informal conference may *not* ~~either~~ preside at the hearing or participate in the decision ~~thereon~~.

(10) In addition to the method of operation, grading, backfilling, *highwall reduction,* subsidence stabilization, water control, ~~highwall reduction,~~ topsoiling, and reclamation requirements of this part and rules adopted under this part, the operator, consistent with the directives of subsection (1) ~~of this section~~, shall:

(a) bury under adequate fill all toxic materials, shale, mineral, or any other material determined by the department to be ~~acid producing~~ *acid-producing,* toxic, undesirable, or creating a hazard;

(b) as directed by rules, seal off tunnels, shafts, or other openings or any breakthrough of water creating a hazard;

(c) impound, drain, or treat all runoff or underground mine waters so as to reduce soil erosion, damage to grazing and agricultural lands, and pollution of surface and subsurface waters;

(d) remove or bury all metal, lumber, and other refuse resulting from the operation;

(e) use explosives in connection with the operation only in accordance with department regulations designed to minimize noise, damage to adjacent lands, and water pollution and ensure public safety and for other purposes;

(f) adopt measures to prevent land subsidence unless the department approves a plan for inducing subsidence into an abandoned operation in a predictable and controlled manner, with measures for grading, topsoiling, and revegetating the subsided land surface. In order for a controlled subsidence plan to be approved, the applicant ~~must~~ *shall* show that subsidence will not cause a direct or indirect hazard to any public or private buildings, roads, facilities, or use areas, constitute a hazard to human life or health~~,~~ or ~~constitute a hazard~~ to domestic livestock or ~~to~~ a viable agricultural operation, or violate any other restrictions the department may consider necessary.

(g) stockpile and protect from erosion all mining and processing wastes until these wastes can be disposed of according to the provisions of this part;

(h) deposit as much stockpiled waste material as possible back into the mine voids upon abandonment in ~~such~~ *a* manner ~~as to~~ *that will* prevent or minimize land subsidence. The remaining waste material ~~shall~~ *must* be disposed of as provided by this part and the rules of the board.

(i) seal all portals, entryways, drifts, shafts, or other openings between the surface and underground mine workings when no longer needed;

(j) to the extent possible using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values and achieve enhancement of ~~such~~ *those* resources ~~where~~ *when* practicable;

(k) minimize the disturbances to the prevailing hydrologic balance at the mine site and in associated offsite areas and to the quality and quantity of water in surface water and ground water systems both during and after strip- or underground-coal-mining operations and during reclamation by:

(i) avoiding acid or other toxic mine drainage by ~~such~~ measures ~~as,~~ *including* but not limited to:

(A) preventing or removing water from contact with toxic-producing deposits;

(B) treating drainage to reduce toxic content ~~which~~ *that* adversely affects downstream water upon being released to water courses;

(C) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(ii) (A) conducting strip- or underground-mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but ~~in no event shall~~ *the* contributions *may not* be in excess of requirements set by applicable state or federal law;

(B) constructing any siltation structures pursuant to subsection (10)(k)(ii)(A) prior to commencement of strip- or underground-mining operations, ~~such~~ *the* structures to be certified by a qualified registered engineer *and* to be constructed as designed and as approved in the reclamation plan;

(iii) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized and depositing the silt and debris at a site and in a manner approved by the department;

(iv) restoring recharge capacity of the mined area to approximate premining conditions;

(v) avoiding channel deepening or enlargement in operations ~~requiring~~ *that requires* the discharge of water from mines;

(vi) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country; and

(vii) ~~such~~ other actions ~~as~~ *that* the department may prescribe;

(l) conduct strip- or underground-mine operations in accordance with the approved coal conservation plan;

(m) stabilize and protect all surface areas, including spoil piles, to effectively control air pollution;

(n) seal all auger holes with an impervious and noncombustible material in order to prevent drainage except where the department determines that the resulting impoundment of water in ~~such~~ auger holes may create a hazard to the environment or the public health and safety;

(o) develop contingency plans to prevent sustained combustion;

(p) refrain from construction of roads or other access ways up a streambed or drainage channel or in ~~such~~ proximity to ~~such~~ *the* channel so as to seriously alter the normal flow of water;

(q) meet ~~such~~ other criteria ~~as~~ *that* are necessary to achieve reclamation in accordance with the purposes of this part, taking into consideration the physical, climatological, and other characteristics of the site;

(r) with regard to underground mines, eliminate fire hazards and otherwise eliminate conditions ~~which~~ *that* constitute a hazard to health and safety of the public;

(s) locate openings for all new drift mines working acid-producing or iron-producing coal seams in ~~such~~ a manner ~~as to prevent~~ *that prevents* a gravity discharge of water from the mine.

(11) An operator may not throw, dump, pile, or permit the *throwing,* dumping, *or* piling~~, or throwing~~ or otherwise placing *of* any overburden, stones, rocks, mineral, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land ~~which~~ *that* is under permit and for which a bond has been posted under 82-4-223~~, as amended,~~ or place the materials described in this section in ~~such~~ a way that normal erosion or slides brought about by natural physical causes will permit the materials to go beyond or outside of that area of land. An operator shall conduct

the strip- or underground-mining operation in ~~such~~ a manner ~~as to protect~~ *that protects* areas outside the permit area."

CHAPTER NO. 83

[HB 223]

AN ACT REVISING THE LAWS RELATING TO SERVICE OF PROCESS IN CHILD ABUSE AND NEGLECT PROCEEDINGS; CLARIFYING PROVISIONS RELATING TO SERVICE OF PROCESS BY PUBLICATION IN CHILD ABUSE AND NEGLECT PROCEEDINGS; AMENDING SECTIONS 41-3-401, 41-3-403, AND 41-3-608, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Service of process — service by publication — effect. (1) Except as provided in subsection (2), service of process under this chapter must be made as provided in the Montana Rules of Civil Procedure.

(2) If a person cannot be served personally, the person may be served by publication as provided in [section 2]. Publication constitutes conclusive evidence of service, and a hearing must then proceed at the time and date set, with or without the appearance of the person served by publication. At or after the hearing, the court may issue an order that will adjudicate the interests of the person served by publication.

(3) If a parent cannot be identified or found prior to the initial hearings allowed by part 4, the court may grant the following relief, pending service by publication on the parent who cannot be identified or found and based upon service of process on only the parent, guardian, or other person having legal custody of the child:

(a) immediate protection;

(b) temporary investigative authority; and

(c) temporary legal custody.

Section 2. Service by publication — summons — form. (1) Before service by publication is authorized in a proceeding under this chapter, the department shall file with the court an affidavit stating that, after due diligence, the person cannot be identified or found and stating the diligent efforts made to identify, locate, and serve the person. The affidavit is sufficient evidence of the diligence of any inquiry made by the department. The affidavit may be combined with any other affidavit filed by the department. Upon complying with this subsection, the department may obtain an order for the service to be made upon the party by publication. The order may be issued by either the judge or the clerk of the court.

(2) Service by publication must be made by publishing notice three times, once each week for 3 successive weeks:

(a) in a newspaper in a community in which the publication can reasonably be calculated to be seen by the person, based upon the last-known address or whereabouts, if known, of the person, whether inside or outside this state; or

(b) if the identity or location of the person is unknown, in a newspaper in the county in which the action is pending, if a newspaper is published in the county, and, if a newspaper is not published in the county, in a newspaper published in an adjoining county and having a general circulation in the county.

(3) Service by publication is complete on the date of the last publication required by subsection (2).

(4) A summons required under this chapter must:

(a) be directed to the parent, legal guardian, other person having legal custody of the child, or any other person who is required to be served; and

(b) be signed by the clerk of court, be under the seal of the court, and contain:

(i) the name of the court and the cause number;

(ii) the initials of the child who is the subject of the proceedings;

(iii) the name of the child's parents, if known;

(iv) the time within which an interested person shall appear;

(v) the department's address;

(vi) a statement in general terms of the nature of the proceedings, including the date and place of birth of the child, the date and place of the hearing, and the phone number of the clerk of the court in which the hearing is scheduled; and

(vii) notification apprising the person served by publication that failure to appear at the hearing will constitute a denial of interest in the child, which denial may result, without further notice of this proceeding or any subsequent proceeding, in judgment by default being entered for the relief requested in the petition.

Section 3. Putative fathers — service by publication — continuation of proceedings. (1) Reasonable efforts must be made to resolve issues of paternity, if any, as early as possible in proceedings under this chapter. The department shall make every reasonable effort to obtain service of process of a petition on a putative father, as defined in 42-2-201.

(2) If a putative father cannot be served personally, the putative father may be served by publication as provided in [sections 1 and 2].

(3) Regardless of the provisions of subsections (1) and (2), if a putative father cannot be identified or found prior to the initial hearings allowed by part 4, the court may grant the following relief, pending service by publication on the putative father and based upon service of process on only the parent, guardian, or other person having legal custody of the child:

(a) immediate protection;

(b) temporary investigative authority; and

(c) temporary legal custody.

(4) Throughout the proceedings, the court, in its discretion, may order the department to continue to attempt to identify, locate, and serve a putative father.

(5) A court may order termination of the parental rights of a putative father under this chapter based on service by publication if the provisions of [sections 1 and 2] have been met.

Section 4. Section 41-3-401, MCA, is amended to read:

"**41-3-401. Abuse and neglect petitions.** (1) The county attorney, attorney general, or an attorney hired by the county is responsible for filing all petitions under this chapter. The petition must be accompanied by an affidavit by the department alleging that the child appears to have been abused, neglected, or abandoned and stating the basis for the allegation.

(2) Upon receipt of a petition, except a petition for temporary investigative authority, the court shall set a date for an adjudicatory hearing on the petition. The petitions must be given preference by the court in setting hearing dates.

(3) A petition alleging abuse or neglect is a civil action brought in the name of the state of Montana. The Montana Rules of Civil Procedure apply except as modified in this part. Proceedings under a petition are not a bar to criminal prosecution.

(4) The parents or parent, guardian, or other person or agency having legal custody of the youth named in the petition, if residing in the state, must be served personally with a copy of the petition and summons at least 5 working days before the date set for hearing. If the person or agency cannot be served personally, the person or agency may be served by publication ~~in the manner provided by the Montana Rules of Civil Procedure for other types of proceedings~~ *as provided in [sections 1 and 2]*.

(5) If personal service cannot be made upon the parents or parent, guardian, or other person or agency having legal custody, the court shall appoint an attorney to represent the unavailable party when in the opinion of the court the interests of justice require.

(6) If a parent of the child is a minor, notice must be given to the minor parent's parents or guardian, and if there is no guardian, the court shall appoint one.

(7) Any person interested in any cause under this chapter has the right to appear. Any foster parent, preadoptive parent, or relative caring for the child must be given legal notice by the attorney filing the petition of all judicial hearings for the child and must be given an opportunity to be heard. The right to appear or to be heard does not make that person a party to the action. Any foster parent, preadoptive parent, or relative caring for the child must be given notice of all reviews by the reviewing body.

(8) Except when the proceeding is instituted or commenced at the request of the department, a citation must be issued and served upon a representative of the department before the court hearing.

(9) The petition must:

(a) state the nature of the alleged abuse or neglect;

(b) state the full name, age, and address of the youth and the name and address of the youth's parents or guardian or person having legal custody of the youth;

(c) state the names, addresses, and relationship to the youth of all persons who are necessary parties to the action.

(10) The petition may ask for the following relief:

(a) temporary investigative authority and protective services, as provided in 41-3-402;

(b) temporary legal custody, as provided in 41-3-406;

(c) appointment of a guardian pursuant to 41-3-421;

(d) termination of the parent-child legal relationship and either:

(i) permanent legal custody with the right to consent to adoption, as provided in 41-3-607; or

(ii) appointment of a guardian; or

(e) any combination of the provisions of subsections (10)(a) through (10)(d) or any other relief that may be required for the best interests of the child.

(11) A request for a determination that reunification services need not be provided pursuant to 41-3-403 may be made in conjunction with the filing of a petition requesting relief, as provided for in subsection (10) of this section.

(12) The petition may be modified for different relief at any time within the discretion of the court.

(13) The court may at any time on its own motion or the motion of any party appoint counsel for any indigent party."

Section 5. Section 41-3-403, MCA, is amended to read:

"**41-3-403. Order for immediate protection of youth.** (1) (a) Upon the filing of a petition for temporary investigative authority and protective services, the court, after consideration of the parents' statements, if any, included with the petition and any accompanying affidavit or report to the court, may issue an order granting relief that may be required for the immediate protection of the youth.

(b) The order, along with the petition and supporting documents, must be served ~~pursuant to the Montana Rules of Civil Procedure~~ on the person or persons named in the order *as provided in [sections 1 and 2]*. When the youth is placed in a medical facility or protective facility, the department shall notify the parents or parent, guardian, or other person having legal custody of the youth, at the time the placement is made or as soon after placement as possible.

(c) The order must require the person served to comply immediately with the terms of the order and to appear before the court issuing the order on the date specified for a show cause hearing. The show cause hearing must be conducted within 20 days of the issuance of the order by the judge or a master appointed by the judge. The person filing the petition has the burden of presenting evidence establishing probable cause for the issuance of the order. At the show cause hearing, the court shall provide an opportunity for a parent or guardian, if present, and any other person having relevant knowledge to provide relevant testimony. The court may consider all relevant evidence in accordance with the rules of civil procedure as modified by this part, but may in its discretion limit testimony and evidence to only that which is relevant to the issues of removal from the home and the child's need for continued protection. The court may amend the order. Except as otherwise provided in this part, the rules of civil procedure apply. Hearsay evidence of statements made by the affected youth is admissible at the hearing or at a contested case proceeding held pursuant to Title

2, chapter 4, part 6, that results from adverse licensing action taken by the department.

(d) If the child is not returned home after the show cause hearing, the person served may request that a local citizen review board, if available pursuant to part 10, review the case within 30 days of the show cause hearing and make a recommendation to the district court, as provided in 41-3-1010.

(e) Upon a failure to comply or show cause, the court may hold the person in contempt or place temporary physical custody of the youth with the department until further order.

(2) At the conclusion of a show cause hearing, in an order granting or denying relief, the court shall make a finding regarding the reasonableness of agency efforts to prevent the child's removal from the home or to make it possible to safely return the child to the child's home. In determining preservation or reunification services to be provided and in making reasonable efforts at providing preservation or reunification services, the child's health and safety are of paramount concern. Reasonable efforts to provide preservation or reunification services are not required if the court finds that the parent has:

(a) subjected a child to aggravated circumstances, including but not limited to abandonment, torture, chronic abuse, or sexual abuse or chronic, severe neglect of a child;

(b) committed, aided, abetted, attempted, conspired, or solicited deliberate or mitigated deliberate homicide of a child;

(c) committed aggravated assault against a child;

(d) committed neglect of a child that resulted in serious bodily injury or death; or

(e) had parental rights to the child's sibling or other child of the parent involuntarily terminated and the circumstances related to the termination of parental rights are relevant to the parent's ability to adequately care for the child at issue.

(3) Preservation or reunification services are not required for a putative father, as defined in 42-2-201, if the court makes a finding that the putative father has failed to do any of the following:

(a) contribute to the support of the child for an aggregate period of 1 year, although able to do so;

(b) establish a substantial relationship with the child. A substantial relationship is demonstrated by:

(i) visiting the child at least monthly when physically and financially able to do so; or

(ii) having regular contact with the child or with the person or agency having the care and custody of the child when physically and financially able to do so; and

(iii) manifesting an ability and willingness to assume legal and physical custody of the child if the child was not in the physical custody of the other parent.

(c) register with the putative father registry pursuant to Title 42, chapter 2, part 2, and the person has not been:

(i) adjudicated in Montana to be the father of the child for the purposes of child support; and

(ii) recorded on the child's birth certificate as the child's father.

(4) If the court finds that preservation or reunification services are not necessary pursuant to subsection (2), a permanency hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with the permanency plan for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child. Reasonable efforts to place a child permanently for adoption or to make an alternative out-of-home permanent placement may be made concurrently with reasonable efforts to return a child to the child's home.

(6) The court may grant the following kinds of relief:

(a) right of entry by a peace officer or department worker;

(b) medical and psychological evaluation of the youth or parents, guardians, or person having physical or legal custody;

(c) requirement that the youth, parents, guardians, or person having physical or legal custody receive counseling services;

(d) placement of the youth in a temporary medical facility or a facility for protection of the youth;

(e) requirement that the parents, guardian, or other person having physical or legal custody furnish information that the court may designate, *including the name and address of a putative father, as defined in 42-2-201, for the purpose of obtaining service of process in the proceeding*;

(f) inquiry into the financial ability of the parents, guardian, or other person having custody of the youth to contribute to the costs for the care, custody, and treatment of the youth and requirement of a contribution for those costs pursuant to the requirements of 41-3-411; or

(g) other temporary disposition that may be required in the best interests of the youth that does not require an expenditure of money by the department unless the department is notified and a court hearing is set in a timely manner on the proposed expenditure. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(7) An order for temporary investigative authority and protective services may not be issued for a period longer than 90 days following the show cause hearing and must be limited to one extension of 90 days. Before the expiration of the time provided for in an order for temporary investigative authority and protective services, the county attorney, the attorney general, or an attorney hired by the county shall file a petition for one of the following:

(a) limited emancipation;

(b) temporary legal custody;

(c) termination of the parent-child legal relationship and permanent legal custody with the right to consent to adoption; or

(d) dismissal.

(8) Notwithstanding the above time limits, the court may continue an order for temporary investigative authority pending a hearing on a petition provided for in subsection (7).

(9) If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child."

Section 6. Section 41-3-608, MCA, is amended to read:

"41-3-608. Notice. The department shall enter into an agreement with the center, indicating the scope of disclosure of information, as required by this chapter or rules implementing this chapter, concerning the use of records, reports, or data for statistical or research purposes. The agreement must set forth the financial support to be provided by the center for the collection, processing, and transmission of the records, reports, or data. Upon written request of the center, the department may approve, by amendment to the agreement, additional statistical or research uses of the records, reports, or data supplied under the agreement.

(7) Federal, state, and local governmental agencies may, subject to this chapter and rules implementing this chapter, upon request, be furnished copies of records or data from the system of vital statistics if the copies or data is used solely in the conduct of the agency's official duties. [SB 149]

AN ACT AUTHORIZING THE CREATION OF PUBLIC LIBRARY DISTRICTS; PROVIDING FOR AN ELECTED BOARD OF TRUSTEES TO ADMINISTER A DISTRICT; PROVIDING FOR CONSOLIDATION OF EXISTING PUBLIC LIBRARIES WITH PUBLIC LIBRARY DISTRICTS; PROVIDING FOR A PROPERTY TAX MILL LEVY FOR THE OPERATION OF A DISTRICT; PROVIDING THAT THE MAXIMUM DISTRICT MILL LEVY MUST BE APPROVED BY THE DISTRICT ELECTORATE; AND PROVIDING FOR THE DISSOLUTION OF A DISTRICT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Public library districts — purpose — territory. (1) The purpose of [sections 1 through 11] is to provide a method for:

(a) establishing, equipping, administering, and funding public libraries; and

(b) contracting for library services from existing public libraries.

(2) A public library district may contain the entire territory of a county, the territory of part of a county, or territory in more than one county. A public library district may include incorporated municipalities within a county.

(3) The territory included in a public library district must contain a taxable value of at least $5 million.

Section 2. Creation or enlargement of public library district. (1) Proceedings for the creation or enlargement of a public library district or the conversion of a public library to a public library district may be initiated by:

(a) a petition signed by not less than 15% of the qualified electors who reside within the proposed district or the area to be added to an existing district; or

(b) a resolution of intent adopted by the county governing body, calling for the creation of a district.

(2) The petition must contain:

(a) the boundaries of the proposed public library district;

(b) a map showing the boundaries;

(c) subject to 15-10-420, the proposed maximum property tax mill levy that could be levied on property owners within the district for the operation of the district; and

(d) the proposed number of members on the board of trustees. The number of members must be five or seven.

(3) When the territory to be included in the proposed public library district lies in more than one county, a petition must be presented to the governing body of each county in which the territory lies. Each petition must be signed by not less than 15% of the qualified electors of the territory within the county proposed for inclusion in the district.

(4) Upon receipt of a petition to create a public library district, the county clerk shall examine the petition and within 15 days either reject the petition if it is insufficient under the provisions of subsection (1), (2), or (3) or certify that the petition is sufficient and present it to the county governing body at its next meeting.

(5) The text of the petition must be published as provided in 7-1-2121 in each county in which territory of the proposed public library district lies.

(6) At a hearing on the proposed public library district, the county governing body shall hear testimony:

(a) of all interested persons on whether a district should be created;

(b) regarding the proposed boundary, the property tax mill levy, and the number of members of the board of trustees; and

(c) on any other matter relating to the petition.

(7) After the hearing, if the county governing body determines that the proposed public library district should be created, it shall by resolution:

(a) set the boundaries of the proposed district;

(b) set the maximum mill levy for the proposed district;

(c) set the number of members to be on the board of trustees; and

(d) call for an election on the question of whether to create the district. The election may be:

(i) held in conjunction with a regular or primary election; or

(ii) conducted by mail ballot in accordance with the provisions of Title 13, chapter 19.

(8) Except as provided in [section 5], if all or part of the territory served by an existing public library, as defined in 22-1-326, is included within the boundaries of a newly created or enlarged public library district, the governing body of the county shall adjust the boundaries of the district to exclude the territory served by the public library.

Section 3. Election on creation of district. (1) The election on the question of whether to create a public library district must be conducted as provided in Title 13.

(2) Only qualified electors residing within the proposed public library district may vote on the question of whether to create the district.

(3) The question of creating a public library district must be submitted to the electors in substantially the following form:

☐ FOR the creation of a public library district that may levy not more than ... mills of property tax for the operation of the district.

☐ AGAINST the creation of a public library district.

Section 4. Formation of public library district — appointment of initial board of trustees. (1) If a majority of the votes cast at the election in the territory of each county included in the proposed public library district approve the formation of the district, the governing body of each county shall, within 10 days of the receipt of the official canvass of the result, certify that the district is formed.

(2) Within 30 days after the certification of the formation of the public library district, the governing body of each county with territory included in the district shall jointly appoint the initial members of the district's board of trustees. The members shall serve until their successors are elected and qualified.

Section 5. Consolidation of existing public libraries or public library districts. (1) (a) If all or part of the territory served by an existing public library, as defined in 22-1-326, is included within the boundaries of a public library district, the territory served by the public library may be consolidated into the district upon the adoption of a resolution, following a public hearing, by the governing body of the city or county that established the public library and by the board of trustees of the district.

(b) Any existing bonded indebtedness against the territory served by the public library remains the indebtedness of the original territory and must be paid by levies on the original territory.

(2) The territory of an existing public library district may be consolidated into a contiguous district upon the adoption of a resolution, following a public hearing, by the board of trustees of each district. The governing board of the county containing the largest percentage of territory in the district shall appoint the board of trustees for the consolidated district. The appointed trustees shall serve until their successors are elected, in accordance with the provisions of [section 6].

Section 6. Election of board of trustees — compensation — removal — single-member trustee districts. (1) After appointment of the initial members of the board of trustees, all members must be elected by the electors of the public library district.

(2) The election of members to the board of trustees must be held in conjunction with the annual school elections held pursuant to 20-3-304.

(3) (a) A candidate for the office of trustee of the public library district must be a resident of the district and must be nominated by petition, signed by at least five electors of the district and filed with the office of the election administrator not earlier than 135 days or later than 75 days prior to the election day.

(b) If the district lies in more than one county, the petition for nomination must be presented to the election administrator whose county contains the largest percentage of territory in the district.

(4) If the number of candidates is equal to or less than the number of positions to be elected, the election administrator may cancel the election in accordance with 13-1-304. If an election is not held, the county governing body shall declare elected by acclamation each candidate who filed a nomination petition for a position. If a nomination petition is not filed for an office, the county governing body of the county containing the largest percentage of the territory in the public library district shall appoint a member to fill the term. A person appointed pursuant to this subsection has the same term and obligations as a person elected to fill the office.

(5) The term of office of an elected board member begins on the date that the board member is elected and qualified. The term of office of an elected member is 4 years, except that a simple majority of the members of the first elected board shall serve a term of 2 years, with the minority of the board serving terms of 4 years. The members serving 2-year terms must be selected by lot.

(6) A vacancy in the office of a member must be filled by appointment by the remaining members of the board. The term of the appointed member expires upon the election and qualification of an elected successor or upon the election of a member to fill the unexpired term of the vacant office. The election must be held at the next scheduled school election held pursuant to 20-3-304.

(7) Members of the board of trustees serve without compensation.

(8) A trustee may be removed from office by a court of competent jurisdiction pursuant to state law governing the removal of elected officials. If charges are brought against a trustee and if good cause is shown, the governing body of the county containing the largest percentage of territory in the public library district may suspend the trustee until the charges can be heard in a court of competent jurisdiction.

(9) (a) If the trustees determine that it is in the best interest of the electors of the public library district, they shall:

(i) propose the creation of a single-member trustee district plan with districts that are as compact in area and as equal in population as possible;

(ii) schedule and hold a public hearing on the plan; and

(iii) publish a notice of the public hearing as provided in 7-1-2121.

(b) After the public hearing is held, the trustees may amend, revise, approve, or disapprove the proposed plan. If the plan is adopted, the trustees shall publish notice of its adoption as provided in 7-1-2121.

(c) All successors to the board of trustees must be elected in accordance with the adopted single-member trustee district plan, and the election of each member must be submitted to the electors of the trustee district in which the candidate resides.

Section 7. Duties and powers of board of trustees. (1) The board of trustees of a public library district shall:

(a) operate and maintain library property within the district and may conduct programs relating to libraries and make improvements to district property as the board considers appropriate;

(b) prepare annual budgets as required by the county governing body or bodies;

(c) pay necessary expenses of district staff members when on business of the district; and

(d) prepare and submit any records required by the Montana state library.

(2) The board has all powers necessary for the betterment, operation, and maintenance of library property within the territory of the public library district, including establishing library locations. In the exercise of this general grant of powers, the board may:

(a) (i) employ or contract with administrative, professional, or other personnel necessary for the operation of the district; or

(ii) contract with other entities to provide or receive library services and to pay out or receive funds for those library services;

(b) lease, purchase, or contract for the purchase of personal property, including property that after purchase constitutes a fixture on real property;

(c) (i) lease, purchase, or contract for the purchase of buildings and facilities on lands controlled by the district and equip, operate, and maintain the buildings and facilities; or

(ii) receive by transfer, conditionally or otherwise, from a county or city, the ownership or control of a library building, with all or any part of its property, provided that any existing debt of the governing body transferring the interest tied to the property must remain an obligation of the governing body and may not become an obligation of the district;

(d) adopt by resolution, bylaws and rules for the operation and administration of the district;

(e) subject to 15-10-420, establish a property tax mill levy for the operation of the district as provided in [section 8];

(f) with the concurrence of the county governing body or bodies, accept donations of land or facilities within the district to be used for district purposes;

(g) accept donations and devises of money or personal property; and

(h) exercise other powers, not inconsistent with the law, necessary for the operation and management of the district.

Section 8. Public library district budget — property tax levy. (1) The board of trustees shall annually prepare a budget for the ensuing fiscal year and present the budget to the governing body of each county with territory in the public library district at the regular budget meetings as prescribed in Title 7, chapter 6, part 23, and certify the amount of money necessary for the operation of the district for the ensuing fiscal year.

(2) Subject to 15-10-420, the county governing body shall, annually at the time of levying county taxes, fix and levy a tax on all taxable property within the public library district sufficient to raise the amount certified by the board of trustees and approved by the electors. The tax levied may not in any year exceed the maximum amount approved by the electorate in [section 3 or 9].

Section 9. Election to change maximum property tax mill levy. (1) The maximum property tax mill levy authorized for the operation of a public library district may be changed by an election on the question of changing the maximum mill levy.

(2) A vote on the question of raising or lowering the maximum property tax mill levy in the public library district may be initiated by:

(a) a petition signed by not less than 15% of the electorate of the district; or

(b) a resolution of the board of trustees.

(3) The petition must set forth the proposed new maximum mill levy for the operation of the district.

(4) Upon receipt of a petition for a change in the maximum mill levy, certified by the county clerk as sufficient under this section, or upon receipt of a resolution for a change adopted by the board of trustees, the county governing body shall submit to the electorate of the public library district, at the next regular or primary election, a ballot question on changing the maximum mill levy. The election must be held as provided in Title 13. The question must be submitted to the electors of the district in substantially the following form:

☐ FOR changing the authorized maximum property tax mill levy for the operation of the public library district from .... to ....

☐ AGAINST changing the authorized maximum property tax mill levy for the operation of the public library district.

Section 10. Dissolution of public library district. (1) A public library district may be dissolved after an election on the question of dissolving the district. The process of dissolving the district may be initiated by a petition of 15% of the electorate of the district or by a resolution of intent to dissolve the district adopted by either the board of trustees or the governing body of the county in which territory of the district is located.

(2) Upon receipt of a petition that has been certified by the county clerk as sufficient under this section or upon adoption of a resolution of intent, the county governing body shall hold a public hearing on the question of dissolving the public library district. Notice of the hearing must be published as provided in 7-1-2121.

(3) At the public hearing, the county governing body shall hear testimony of interested persons regarding the dissolution of the public library district. After the public hearing, the county governing body may either submit the question of dissolving the district to the electorate of the district or it may call for a public hearing on the question of altering the boundaries of the district. If the county governing body calls for a public hearing on the question of altering the boundaries of the district by the withdrawal of territory, it shall publish notice of the hearing as provided in 7-1-2121. The notice must state the boundaries of the area proposed to be withdrawn from the district. After hearing testimony at the hearing, the county governing body may submit the question of either dissolving the district or altering the district by the withdrawal of specified territory from the district to the electorate of the district.

(4) The question must be submitted by a resolution calling for an election on either dissolving the public library district or altering the boundaries of the district by the withdrawal of land from the district. The county governing body shall schedule the election in conjunction with any other regularly scheduled election. The election on the question must be conducted as provided in Title 13.

(5) The question of withdrawal of territory under this section must be voted upon separately by the electorate of the territory to be withdrawn and the electorate of the balance of the territory of the public library district. The question fails unless a simple majority of those voting on the question in each of the two territories authorize altering the district boundary. If the question passes, the boundary alteration is effective the following January 1. If the question fails, the county governing body shall by resolution call for an election on the question of dissolving the district.

Section 11. Effect of dissolution. (1) If dissolution of a public library district is authorized by a majority of the electorate of the district, the county governing body shall order the dissolution and file the order with the county clerk. The dissolution is effective upon the earlier of the following:

(a) 6 months after the date of the filing of the order; or

(b) certification by the board of trustees that all debts and obligations of the district have been paid, discharged, or irrevocably settled.

(2) (a) If debts or obligation of the public library district remain unsatisfied after the dissolution of the district, the county governing body shall, subject to 15-10-420 and for as long as necessary, levy a property tax in an amount not to exceed the amount authorized for the district, on all taxable property that is in the territory formerly comprising the district, to be used to discharge the debts of the former district.

(b) If the electors of the district lowered the maximum amount to be levied for the operation of the district within 2 calendar years prior to the election authorizing the dissolution, the county governing body may, subject to 15-10-420, levy a property tax not to exceed the levy authorized prior to the reduction of the maximum levy for the discharge of the district's obligations.

(3) Any asset of the public library district remaining after all debts and obligations have been discharged becomes the property of the county in which the asset is located.

Section 12. Codification instruction. [Sections 1 through 11] are intended to be codified as an integral part of Title 22, chapter 1, and the provisions of Title 22, chapter 1, apply to [sections 1 through 11].

[HB 18]

AN ACT AUTHORIZING THE STATE TRANSPORTATION COMMISSION, UPON REQUEST BY A LOCAL AUTHORITY, TO SET TEMPORARY SPECIAL REDUCED OR INCREASED SPEED LIMITS BASED UPON A REVIEW BY THE DEPARTMENT OF TRANSPORTATION FOR ROUTES THAT HAVE AN ENGINEERING AND TRAFFIC INVESTIGATION PENDING FOR A CHANGE OF SPEED LIMIT; AMENDING SECTION 61-8-309, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-8-309, MCA, is amended to read:

"61-8-309. Establishment of special speed zones. (1) (a) If the commission determines upon the basis of an engineering and traffic investigation that a speed limit set by 61-8-303 is greater or less than is reasonable or safe under the conditions found to exist at an intersection, curve, or dangerous location or on a segment of a highway less than 50 miles in length under its jurisdiction, the commission may set a reasonable and safe special speed limit at that location.

(b) If a local authority requests the department of transportation or an engineer, as provided in subsection (1)(c)(i), to conduct an engineering and traffic investigation based on the belief that a speed limit on a highway under the ~~department's~~ jurisdiction *of the department of transportation* is greater than is reasonable or safe, the commission may not increase the speed limit under consideration as a result of the investigation.

(c) (i) A local authority may request at its own expense that an engineering and traffic investigation be completed by a licensed professional engineer selected from a list compiled and approved by a committee as provided in subsection (1)(c)(ii).

(ii) A committee containing two department of transportation staff appointed by the director and two representatives of associations whose membership comprises cities, towns, and counties, as authorized by 7-5-2141 and 7-5-4141, shall review credentials submitted by licensed professional engineers and shall determine who appears on the list of individuals authorized to conduct engineering and traffic investigations for local governments. The list must be updated every 2 years.

(iii) Upon completion of an engineering and traffic investigation conducted for a local government, the department of transportation shall submit a report to the commission with findings and recommendations. The commission shall decide on an appropriate speed limit based on the traffic investigation within 120 days from the date the investigation is submitted to the department *of transportation*.

(d) A local authority may request a temporary special reduced or increased speed zone for a route or route segment that is under consideration for a reduced or increased speed limit under subsection (1)(a), (1)(b), or (1)(c). If a local authority makes multiple requests for temporary special reduced or increased speed zones, the local authority shall prioritize the requests. The department of transportation shall conduct a preliminary visual and engineering review of a route or a route segment for which a temporary special speed zone is requested. The reviewing party must include a representative of the local authority. Upon completion of the preliminary review, if the department of transportation concurs with the local authority that a temporary special reduced or increased speed limit is warranted, a temporary special reduced or increased speed zone may be established upon formal approval by the commission. The temporary special reduced or increased speed limit remains in effect until a complete traffic and engineering study has been done on the route or route segment and the commission has made a determination on changing the speed limit.

(2) The department of transportation shall erect and maintain appropriate signs giving notice of ~~these~~ special limits. When ~~they~~ *the signs* are erected, the limits are effective ~~at that part~~ *for those zones* at all times or at other times that the commission sets.

(3) The authority of the commission under this section includes the authority to set reduced nighttime speed limits on curves and other dangerous locations.

(4) This section does not authorize the commission to set a statewide speed limit."

(b) an amount or duration of payment greater than that available to a participant under the appropriate retirement system.

(5) In a defined benefit plan, a family law order may only provide for payment to an alternate payee as follows:

(a) Service retirement benefit payments or ~~withdrawals of member contributions~~ *refunds* may be apportioned by directing payment of a percentage of the amount payable or payment of a fixed amount of no more than the amount payable to the participant.

(b) The maximum amount of disability or survivorship benefits that may be apportioned to alternate payees is the monthly benefit amount that would have been payable on the date of termination of service if the member had retired without disability or death. Conversion of a disability retirement to a service retirement pursuant to 19-2-406(4), 19-3-1015(2), 19-6-612(2), or 19-8-712(2) does not increase the maximum monthly amount that may be apportioned to an alternate payee.

(c) Retirement benefit adjustments for which a participant is eligible after retirement may be apportioned only if existing benefit payments are apportioned. The adjustments must be apportioned in the same ratio as existing benefit payments.

(d) Payments must be limited to the life of the appropriate participant. The duration of payments to an alternate payee may be further limited only to a specified maximum time, the life of the alternate payee, or the life of a specified participant. Payments to an alternate payee may be limited to a specific amount each month if the number of payments is specified. The alternate payee's rights and interests survive the alternate payee's death and may be transferred by inheritance.

(e) The participant may be required to choose a specified form of benefit payment or designate a beneficiary or contingent annuitant if the retirement system or plan allows for that option.

(6) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

(7) Each family law order establishing a final obligation concerning payments by the retirement system must contain a statement that the order is subject to review and approval by the board.

(8) The board shall adopt rules to provide for the application of a family law order within the defined contribution plan."

Section 16. Section 19-2-908, MCA, is amended to read:

"**19-2-908. Time of commencement of benefit — rulemaking.** (1) (a) The board shall grant a benefit to any member, or the member's statutory or designated beneficiary, who has fulfilled all eligibility requirements, terminated covered service, and filed the appropriate written application *with the board*. (b) A member may apply for retirement benefits before terminating covered service, but commencement of the benefits must be as provided in this section.

(2) (a) Except as provided in subsection (2)(b), the service retirement benefit may commence on the first day of the month following the eligible member's last day of membership service or, if requested by the inactive member in writing, on the first day of a later month following ~~receipt~~ *filing* of the written application.

(b) If an elected official's term of office expires before the 15th day of the month, the official may elect that service retirement benefits from a defined benefit plan commence on the first day of the month following the official's last full month in office. *An official electing this option shall file a written application with the board.* An official electing this option may not earn membership service, service credit, or compensation for purposes of calculating ~~final~~ *highest* average ~~salary~~ *compensation or final average compensation, as defined* under the *provisions of the appropriate* retirement system, in the partial month ending the official's term, and compensation earned in that partial month is not subject to employer or employee contributions.

(4) Monthly survivorship benefits from a defined benefit plan must commence on the day following the death of the member.

(5) Estimated and finalized benefit payments must be issued as provided in rules adopted by the board.

(6) With respect to the defined contribution plan, the board shall adopt rules regarding the commencement of benefits that are consistent with applicable provisions of the Internal Revenue Code and its implementing regulations."

Section 17. Section 19-2-909, MCA, is amended to read:

"**19-2-909. Execution or withholding for support obligation — rulemaking.** (1) Benefits in the retirement systems or plans provided for in chapters 3, 5 through 9, 13, and 17 are subject to execution and income withholding for the payment of a participant's support obligation.

(4) An execution or income-withholding order applied to a defined benefit retirement plan may provide for payment only as follows:

(b) The maximum amount of disability or survivorship benefits that may be apportioned and paid under this section is the monthly benefit amount that would have been payable on the date of termination of service if the member had retired without disability or death.

(c) Retirement benefit adjustments for which a participant is eligible after retirement may be apportioned only if existing benefit payments are apportioned. The adjustments must be apportioned in the same ratio as existing benefit payments.

(d) Payments must be limited to the life of the appropriate participant. The duration of payments under this section may be further limited only to a specified maximum time or the life of a specified participant. Payments may also be limited to a specific amount each month if the number of payments is specified.

(5) The board shall adopt rules to provide for the application of an execution or income-withholding order within the defined contribution plan."

A lump-sum payment may not be added to a single month's compensation.

"19-3-403. Exclusions from membership. The following persons may not become members of the retirement system:

(1) inmates of state institutions;

(2) persons in state institutions principally for the purpose of training but who receive compensation;

(3) independent contractors;

(4) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision of the state and who are receiving credit in the other system for service. It is the purpose of this subsection to prevent a person from receiving credit for the same service in two retirement systems supported wholly or in part by public funds, except when the service qualifies, is applied for, and is purchased pursuant to 19-3-503. A member of the retirement system who, because of employment by the state, is required to become a member of any other system described in this subsection is considered, solely for the purposes of making regular contributions, as permanently separated from service. Exclusion under this subsection is subject to the following exceptions:

(a) When an employer has entered into a collective bargaining agreement that includes provisions for payments or contributions by the employer in lieu of wages to a retirement or pension plan qualified by the internal revenue service for its employees, the employees remain eligible, if otherwise qualified, for membership in the retirement system.

(b) For the purpose of this subsection (4), persons receiving pensions, retirement benefits, or other payments from any source on account of employment other than as an employee are not considered, because of receipt, members of any other retirement or pension system.

(6) full-time students employed at and attending the same public elementary school, high school, community college, or unit of the state university system, except that a person excluded from membership as a student of a public

community college or a unit of the state university system who later becomes ~~a~~ *an active* member by otherwise becoming an employee may affirmatively exercise the option of ~~qualifying~~ *purchasing* the service excluded by this subsection by applying to the board in writing after becoming ~~a~~ *an active* member and become eligible to receive credited service for the excluded service under the provisions of 19-3-505."

Section 20. Section 19-3-412, MCA, is amended to read:

"**19-3-412. Optional membership.** (1) The following employees in covered employment may become members of the retirement system at their option by filing an irrevocable, written application with the board within 180 days of commencement of their employment:

(a) elected officials of the state or local governments who are paid on a salary or wage basis rather than on a per diem or other reimbursement basis;

(b) employees serving in employment that does not cumulatively exceed a total of 960 hours of covered employment with all employers under this chapter in any fiscal year;

(c) employees directly appointed by the governor;

(d) employees working 6 months or less for the legislative branch to perform work related to the legislative session;

(e) the chief administrative officer of any city or county;

(5) Membership in the retirement system is not optional for an employee who is already a member. Upon employment in a position for which membership is optional:

(a) a member who was an active member before the employment remains an active member;

(b) a member who was an inactive member before the employment becomes an active member; and

(c) a member who was a retired member before the employment is subject to part 11 of this chapter.

(6) An employee who declines membership while employed in a position for which membership is optional may not later become a member while still employed in that position. If, after a break in service of 30 days or more, an employee who was a member in an optional membership position is reemployed in the same position or is employed in a different position for which membership is optional, the employee shall again choose or decline membership. However, if the break in service is less than 30 days, an employee who declined membership is bound by the employee's original decision to decline membership.

(7) An employee accepting a position that requires membership shall become a member even if the employee previously declined membership and did not have a 30-day break in service.

For the period of time that the employer contributions are held by the teachers' retirement system, interest paid on employer contributions transferred under this subsection must be calculated at the short-term investment pool rate earned by the board of investments in the fiscal year preceding the transfer request."

The fact that the recipient was retired for disability may not prejudice any right to reinstatement to duty that the recipient may have or claim to have.

(b) This section does not affect any requirement that the former employee meet or be able to meet professional certification and licensing standards unrelated to the disability and necessary for reinstatement to duty.

(4) The department of justice may request a medical or psychological review as to the ability of the recipient to return to work as a member of the highway patrol. If the board's findings are upheld, the department of justice shall pay the cost of the review."

A member who has elected to continue membership in the public employees' retirement system under 19-7-301 may continue the election. However, credit for service in the public employees' retirement system that has not been transferred prior to January 1, 1979, may not be transferred.

(a) For the municipal police officers' retirement system portion of the benefit, the surviving spouse must receive a benefit equal to the municipal police officers' retirement system portion of the service retirement benefit as calculated at the time of the member's retirement. The benefits must be made to the child's appointed guardian for the child's use. If there is more than one dependent child, upon each child no longer qualifying as dependent under 19-9-104, the pro rata benefits to that child must cease and be paid to the remaining children until all the children are no longer dependent.

(b) For the sheriffs' retirement system portion of the benefit:

(i) the contingent annuitant must receive a continuing benefit as determined under 19-7-1001, if the retired member elected an optional retirement benefit; or

(ii) if the retired member did not elect an optional retirement benefit, any payment owed the retired member, including the excess, if any, of the retired member's accumulated contributions standing to the retired member's credit at the time of retirement less payments made to the retired member must be paid to the retired member's designated beneficiary."

CHAPTER NO. 108

[SB 44]

AN ACT PROVIDING FOR THE ACCRUAL OF PENALTIES THAT MAY BE ASSESSED AFTER A WARRANT FOR DISTRAINT HAS BEEN FILED; PROVIDING FOR UNIFORM PENALTY AND INTEREST FOR INDIVIDUAL

INCOME TAXES, THE PUBLIC CONTRACTOR'S TAX, AND THE RETAIL TELECOMMUNICATIONS EXCISE TAX; AMENDING SECTIONS 15-1-701, 15-1-708, 15-30-209, 15-50-301, AND 15-53-147, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-701, MCA, is amended to read:

"**15-1-701. Warrant for distraint.** (1) A warrant for distraint is an order, under the official seal of the department ~~of revenue~~ or of the department of transportation, directed to a sheriff of a county of Montana or to an agent authorized by law to collect a tax. The order commands the recipient to levy upon and sell the real and personal property of a delinquent taxpayer.

(2) Upon filing the warrant as provided in 15-1-704, there is a lien against all real and personal property of the delinquent taxpayer located in the county where the warrant is filed. The resulting lien is treated in the same manner as a properly docketed judgment lien, the department is a judgment lien creditor, and the department may collect delinquent taxes and enforce the tax lien in the same manner as a judgment is enforced, except that the department may enforce the judgment lien at any time within 10 years of its creation or effective date, whichever is later.

(3) A warrant may be issued for the amount of unpaid tax plus *accumulated* penalty, if any, and accumulated interest. The lien is for the amount indicated on the warrant plus accrued *penalty and* interest from the date of the warrant. The priority date of the tax lien created by filing the warrant for distraint is the date the tax was due as indicated on the warrant for distraint.

(4) The accelerated priority date provided for in (3) is not valid against purchasers, holders of security interests, judgment lien creditors, and those lienholders identified in Title 71, chapter 3, parts 3 through 15, whose interest is recorded prior to the filing of the warrant for distraint."

Section 2. Section 15-1-708, MCA, is amended to read:

"**15-1-708. Release of lien.** (1) Upon payment in full of the unpaid tax plus *accumulated* penalty, if any, and accumulated interest, the department shall release the lien acquired by filing the warrant for distraint.

(2) Upon partial payment or whenever the department determines that a release or partial release of the lien will facilitate the collection of the unpaid tax, penalty, and interest, the department may release or may partially release the lien acquired by filing the warrant for distraint. The department may release the lien if it determines that the lien is unenforceable.

(3) (a) After making all reasonable efforts to collect unpaid taxes, penalties, and interest on the taxes and penalties, the department may determine a debt to be uncollectible. Upon determining that a debt is uncollectible, the department may transfer the debt to the department of administration for collection as provided in 17-4-104.

(b) Subject to approval by the department, reasonable fees or costs of collection incurred by the department of administration may be added to the amount of the debt, including added fees or costs. The debtor is liable for repayment of the amount of the debt plus fees or costs added pursuant to this subsection. All money collected must be returned to the department to be applied to the debt, except that all fees or costs collected must be retained by the department of administration. If less than the full amount of the debt is collected, the department of administration shall retain only a proportionate share of the collection fees or costs."

Section 3. Section 15-30-209, MCA, is amended to read:

"15-30-209. Violations by employer — penalties, interest, and remedies. *(1) The department shall, as provided in 15-1-216, add penalty and interest to the amount of all delinquent withholding taxes.*

~~(1)~~*(2)* The first time in any consecutive 3-year period that an employer files a report or remits a tax after the due date, the department shall issue a warning notice explaining to the employer that the employer failed to file a report on the due date as required by law and, if applicable, that the employer failed to remit the tax on the due date as required by law and the department shall notify the employer of the consequences of any further subsequent late reporting or late remittance.

~~(2)~~*(3)* A late report penalty may not be assessed under 15-1-216 if an employer files the late report prior to the issuance of a notice of delinquent report.

~~(3)~~*(4)* A late payment penalty may be waived pursuant to 15-1-206 if an acceptable payment agreement is made between the department and the employer. An employer's failure to meet the terms of the payment agreement voids the waiver and the penalty must be recomputed from the due date on the unpaid tax.

~~(4)~~*(5)* (a) A subpoena penalty of $50 must be assessed whenever, as the result of a refusal of an employer to furnish wage information or pay taxes on time, the department issues a subpoena pursuant to 15-1-302, to obtain wage information or make a summary or jeopardy assessment pursuant to 15-1-703.

(b) If an employer fails to honor the subpoena provided in subsection ~~(4)(a)~~ *(5)(a)*, an additional $100 penalty must be added to the liability.

~~(5)~~*(6)* In addition to any other penalty provided by law, the failure of an employer to furnish a wage and tax statement as required by 15-30-207(1) subjects the employer to a penalty of $5 for each failure with a minimum of $50.

~~(6)~~*(7)* Penalties may be waived by the department upon a showing of good cause by the employer. The penalty may be collected in the same manner as are other tax debts including a tax lien.

~~(7)~~*(8)* If any tax imposed by this chapter or any portion of the tax is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7. The priority date of the tax lien created by filing the warrant for distraint is the date the tax was due as indicated on the warrant for distraint.

~~(8)~~*(9)* The tax lien provided for in subsection ~~(7)~~ *(8)* is not valid against any third party owning an interest in the real or personal property whose interest is recorded prior to the filing of the warrant for distraint if the third party receives from the most recent grantor of the interest an affidavit stating that all taxes, assessments, penalties, and interest due from the grantor have been paid.

~~(9)~~*(10)* A grantor who signs and delivers to the third party an affidavit as provided in subsection ~~(8)~~ *(9)* is subject to the penalties imposed by 15-30-321(1) if any part of the affidavit is untrue. The department may bring an action as provided in 15-30-321(1) in the name of the state to recover the civil penalty and any delinquent taxes.

~~(10)~~*(11)* All of the remedies available to the state for the administration, enforcement, and collection of income taxes are available and apply to the tax required to be deducted and withheld under the provisions of 15-30-201 through 15-30-208 unless otherwise specifically addressed in this part."

Section 4. Section 15-50-301, MCA, is amended to read:

"**15-50-301. ~~Rule~~ *Rules* for contractor's return ~~— penalty.~~** ~~(1)~~ The department ~~of revenue~~ shall establish rules requiring public contractors to file a contractor's return showing public works contracts performed during a calendar year.

~~(2) A person failing to file a contractor's license return as provided and required by the department of revenue, upon conviction, shall be fined not less than $1,000 or more than $10,000.~~"

Section 5. Section 15-53-147, MCA, is amended to read:

"**15-53-147. Penalty and interest for delinquency — waiver.** (1) Taxes due under this part become delinquent if not paid within 60 days after the end of each calendar quarter. The department shall add to the amount of all delinquent retail telecommunications excise taxes a penalty ~~of 10% of the excise tax due plus~~ *and* interest ~~at the rate of 1% a month or fraction of a month, computed from the date on which the tax becomes delinquent to the date of payment~~, *as provided in 15-1-216.*

(2) ~~The 10% penalty~~ *Penalty and interest, as provided in 15-1-216,* may be waived by the department if reasonable cause for the failure to file the return, as required by 15-53-139, or to pay the tax due is provided to the department."

(2) A person identified in subsection (1) is liable for the following costs:

(a) all remedial action costs incurred by the state; and

(b) damages for injury to, destruction of, or loss of natural resources caused by the release or threatened release, including the reasonable technical and legal costs of assessing and enforcing a claim for the injury, destruction, or loss resulting from the release, unless the impaired natural resources were specifically identified as an irreversible and irretrievable commitment of natural resources in an approved final state or federal environmental impact statement or other comparable approved final environmental analysis for a project or facility that was the subject of a governmental permit or license and the project or facility was being operated within the terms of its permit or license.

(3) If the person liable under subsection (1) fails, without sufficient cause, to comply with a department order issued pursuant to 75-10-711(4) or to properly provide remedial action upon notification by the department pursuant to 75-10-711(3), the person may be liable for penalties in an amount not to exceed two times the amount of any costs incurred by the state pursuant to this section.

(4) The department may initiate civil proceedings in district court to recover remedial action costs, natural resource damages, or penalties under subsections (1), (2), and (3). Proceedings to recover costs and penalties must be conducted in accordance with 75-10-722. Venue for any action to recover costs, damages, or penalties lies in the county where the release occurred or where the person liable under subsection (1) resides or has its principal place of business or in the district court of the first judicial district.

(5) A person has a defense and is not liable under subsections (1), (2), and (3) if the person can establish by a preponderance of the evidence that:

(a) the department failed to follow the notice provisions of 75-10-711 when required;

(b) the release did not emanate from any vessel, vehicle, or facility to which the person contributed any hazardous or deleterious substance or over which the person had any ownership, authority, or control and was not caused by any action or omission of the person;

(c) the release or threatened release occurred solely as a result of:

(i) an act or omission of a third party other than either an employee or agent of the person; or

(ii) an act or omission of a third party other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the person, if the person establishes by a preponderance of the evidence that the person:

(A) exercised due care with respect to the hazardous or deleterious substance concerned, taking into consideration the characteristics of the hazardous or deleterious substance in light of all relevant facts and circumstances; and

(B) took precautions against foreseeable acts or omissions of a third party and the consequences that could foreseeably result from those acts or omissions;

(d) the release or threat of release occurred solely as the result of an act of God or an act of war;

(e) the release or threatened release was from a facility for which a permit had been issued by the department, the hazardous or deleterious substance was specifically identified in the permit, and the release was within the limits allowed in the permit;

(f) in the case of assessment of penalties under subsection (3), factors beyond the control of the person prevented the person from taking timely remedial action; or

(g) the person transported only household refuse, unless that person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse.

(6) (a) For the purpose of subsection (5)(c)(ii), the term "contractual relationship" includes but is not limited to land contracts, deeds, or other instruments transferring title or possession, unless the real property on which the facility is located was acquired by the person after the disposal or placement of the hazardous or deleterious substance on, in, or at the facility and one or more of the following circumstances is also established by the person by a preponderance of the evidence:

(i) At the time the person acquired the facility, the person did not know and had no reason to know that a hazardous or deleterious substance that is the subject of the release or threatened release was disposed of on, in, or at the facility.

(ii) The person is a governmental entity that acquired the facility by escheat, lien foreclosure, or through any other involuntary transfer or acquisition or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The person acquired the facility by inheritance or bequest.

(b) In addition to establishing one or more of the circumstances in subsection (6)(a)(i) through (6)(a)(iii), the person shall establish that the person has satisfied the requirements of subsection (5)(c)(i) or (5)(c)(ii).

(c) To establish that the person had no reason to know, as provided in subsection (6)(a)(i), the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of assessing this inquiry, the following must be taken into account:

(i) any specialized knowledge or experience on the part of the person;

(ii) the relationship of the purchase price to the value of the property if uncontaminated;

(iii) commonly known or reasonably ascertainable information about the property;

(iv) the obviousness of the presence or the likely presence of contamination on the property; and

(v) the ability to detect the contamination by appropriate inspection.

(d) (i) Subsections (5)(b) and (5)(c) or this subsection (6) may not diminish the liability of a previous owner or operator of the facility who would otherwise be liable under this part.

(ii) Notwithstanding this subsection (6), if the previous owner or operator obtained actual knowledge of the release or threatened release of a hazardous or deleterious substance at the facility when the person owned the real property and then subsequently transferred ownership of the property to another person without disclosing the knowledge, the previous owner is liable under subsections

(1), (2), and (3) and a defense under subsection (5)(b) or (5)(c) is not available to that person.

(e) Subsection (6) does not affect the liability under this part of a person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous or deleterious substance that is the subject of the action relating to the facility.

(7) A person has an exclusion and is not liable under this section if:

(a) the person generated or disposed of only household refuse, unless the person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse;

(b) the person owns or operates real property where hazardous or deleterious substances have come to be located solely as a result of subsurface migration in an aquifer from a source or sources outside the person's property, provided that the following conditions are met:

(i) the owner or operator did not cause, contribute to, or exacerbate the release or threatened release of any hazardous or deleterious substances through any act or omission. The failure to take affirmative steps to mitigate or address contamination that has migrated from a source outside the owner's or operator's property does not, in the absence of exceptional circumstances, constitute an omission by the owner or operator.

(ii) the person who caused, contributed to, or exacerbated the release or threatened release of any hazardous or deleterious substance is not and was not an agent or employee of the owner or operator and is not or was not in a direct or indirect contractual relationship with the owner or operator, unless the department provides a written determination that an existing or proposed contractual relationship is an insufficient basis to establish liability under this section;

(iii) there is no other basis of liability under subsection (1) for the owner or operator for the release or threatened release of a hazardous or deleterious substance; and

(iv) the owner or operator cooperates with the department and all persons conducting department-approved remedial actions on the property, including granting access and complying with and implementing all required institutional controls;

(c) the person owns or occupies real property of 20 acres or less for residential purposes, provided that the following conditions are met:

(i) the person did not cause, contribute to, or exacerbate the release or threatened release of any hazardous or deleterious substance through any act or omission;

(ii) the person uses or allows the use of the real property for residential purposes. This exclusion does not apply to any person who acquires or develops real property for commercial use or any use other than residential use.

(iii) at the time the person purchased or occupied the real property, there were no visible indications of contamination on the surface of the real property;

(iv) the person cooperates with the department and all persons conducting department-approved remedial actions on the property, including granting access and complying with and implementing all required institutional controls; and

(v) there is no other basis of liability under subsection (1) for the owner or occupier for the release or threatened release of a hazardous or deleterious substance.

(8) A person is liable under this section if the department provides substantial credible evidence that the person fails to satisfy any element of each exclusion in subsections (7)(a) through (7)(c).

(9) The liability of a fiduciary under the provisions of this part for a release or a threatened release of a hazardous or deleterious substance from a facility held in a fiduciary capacity may not exceed the assets held in the fiduciary capacity that are available to indemnify the fiduciary unless the fiduciary is liable under this part independent of the person's ownership or actions taken in a fiduciary capacity.

(10) A person who holds indicia of ownership in a facility primarily to protect a security interest is not liable under subsections (1)(a) and (1)(b) for having participated in the management of a facility within the meaning of 75-10-701(15)(b) because of any one or any combination of the following:

(a) holding an interest in real or personal property when the interest is being held as security for payment or performance of an obligation, including but not limited to a mortgage, deed of trust, lien, security interest, assignment, pledge, or other right or encumbrance against real or personal property that is furnished by the owner to ensure repayment of a financial obligation;

(b) requiring or conducting financial or environmental assessments of a facility or a portion of a facility, making financing conditional upon environmental compliance, or providing environmental information or reports;

(c) monitoring the operations conducted at a facility or providing access to a facility to the department or its agents or to remedial action contractors;

(d) having the mere capacity or unexercised right to influence a facility's management of hazardous or deleterious substances;

(e) giving advice, information, guidance, or direction concerning the administrative and financial aspects, as opposed to day-to-day operational aspects, of a borrower's operations;

(f) providing general information concerning federal, state, or local laws governing the transportation, storage, treatment, and disposal of hazardous or deleterious substances and concerning the hiring of remedial action contractors;

(g) engaging in financial workouts, restructuring, or refinancing of a borrower's obligations;

(h) collecting rent, maintaining utility services, securing a facility from unauthorized entry, or undertaking other activities to protect or preserve the value of the security interest in a facility;

(i) extending or denying credit to a person owning or in lawful possession of a facility;

(j) in an emergency, requiring or undertaking activities to prevent exposure of persons to hazardous or deleterious substances or to contain a release:

(k) requiring or conducting remedial action in response to a release or threatened release if prior notice is given to the department and the department approves of the remedial action; or

(l) taking title to a facility by foreclosure, provided that the holder of indicia of ownership, from the time the holder acquires title, undertakes to sell, re-lease property held pursuant to a lease financing transaction (whether by a new lease financing transaction or substitution of the lessee), or otherwise divest itself of the property in a reasonably expeditious manner, using whatever commercially reasonable means are relevant or appropriate with respect to the facility and taking all facts and circumstances into consideration and provided that the holder does not:

(i) outbid or refuse a bid for fair consideration for the property or outbid or refuse a bid that would effectively compensate the holder for the amount secured by the facility;

(ii) worsen the contamination at the facility;

(iii) incur liability under subsection (1)(c) or (1)(d) by arranging for disposal of or transporting hazardous or deleterious substances; or

(iv) engage in conduct described in subsection (11).

(11) The protection from liability provided in subsections (9) and (10) is not available to a fiduciary or to a person holding indicia of ownership primarily to protect a security interest if the fiduciary or person through affirmative conduct:

(a) causes or contributes to a release of hazardous or deleterious substances from the facility;

(b) allows others to cause or contribute to a release of hazardous or deleterious substances; or

(c) in the case of a person holding indicia of ownership primarily to protect a security interest, actually participates in the management of a facility by:

(i) exercising decisionmaking control over environmental compliance; or

(ii) exercising control at a level comparable to that of a manager of the enterprise with responsibility for day-to-day decisionmaking either with respect to environmental compliance or substantially all of the operational, as opposed to financial or administrative, aspects of the facility."

CHAPTER NO. 121

[SB 157]

AN ACT REVISING ELIGIBILITY FOR TEMPORARY TOTAL DISABILITY BENEFITS; AMENDING SECTIONS 39-71-701 AND 39-71-712, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-701, MCA, is amended to read:

"39-71-701. Compensation for temporary total disability — exception. (1) Subject to the limitation in 39-71-736 and subsection (4) of this section, a worker is eligible for temporary total disability benefits:

(a) when the worker suffers a total loss of wages as a result of an injury and until the worker reaches maximum healing; or

(b) until the worker has been released to return to the employment in which the worker was engaged at the time of the injury or to employment with similar physical requirements.

(2) The determination of temporary total disability must be supported by a preponderance of objective medical findings.

(3) Weekly compensation benefits for injury producing temporary total disability are 66 2/3% of the wages received at the time of the injury. The maximum weekly compensation benefits may not exceed the state's average weekly wage at the time of injury. Temporary total disability benefits must be paid for the duration of the worker's temporary disability. The weekly benefit amount may not be adjusted for cost of living as provided in 39-71-702(5).

(4) If the treating physician releases a worker to return to the same, a modified, or an alternative position that the individual is able and qualified to perform with the same employer at an equivalent or higher wage than the individual received at the time of injury, the worker is no longer eligible for temporary total disability benefits even though the worker has not reached maximum healing. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available ~~for any reason~~ to the

worker *for any reason except for the worker's incarceration as provided for in 39-71-744, resignation, or termination for disciplinary reasons caused by a violation of the employer's policies that provide for termination of employment* and *if* the worker continues to be temporarily totally disabled, as defined in 39-71-116.

(5) In cases in which it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for the week, which amount is to be calculated from the date of the disability social security entitlement.

(6) If the claimant is awarded social security benefits, the insurer may, upon notification of the claimant's receipt of social security benefits, suspend biweekly compensation benefits for a period sufficient to recover any resulting overpayment of benefits. This subsection does not prevent a claimant and insurer from agreeing to a repayment plan.

(7) A worker may not receive both wages and temporary total disability benefits without the written consent of the insurer. A worker who receives both wages and temporary total disability benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301."

Section 2. Section 39-71-712, MCA, is amended to read:

"39-71-712. Temporary partial disability benefits. (1) If, prior to maximum healing, an injured worker has a physical restriction and is approved to return to a modified or alternative employment that the worker is able and qualified to perform and the worker suffers an actual wage loss as a result of a temporary work restriction, the worker qualifies for temporary partial disability benefits.

(2) An insurer's liability for temporary partial disability must be the difference between the injured worker's average weekly wage received at the time of the injury, subject to a maximum of 40 hours a week, and the actual weekly wages earned during the period that the claimant is temporarily partially disabled, not to exceed the injured worker's temporary total disability benefit rate.

(3) Temporary partial disability benefits are limited to a total of 26 weeks. The insurer may extend the period of temporary partial disability payments.

(4) A worker is not eligible for temporary partial disability benefits or temporary total disability benefits if:

(a) the worker has been released by the treating physician to return to a modified or alternative position that the individual is able and qualified to perform with the same employer;

(b) the wages payable in the modified or alternative position, when combined with the temporary partial disability benefits, would result in an equivalent or higher wage than the worker received at the time of injury; and

(c) the worker refuses to accept the modified or alternative position. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available to the worker *for any reason except for the worker's incarceration as provided for in 39-71-744, resignation, or termination for disciplinary reasons caused by a violation of the employer's policies that provide* *for termination of employment* and *if* the worker continues to be temporarily totally disabled, as defined in 39-71-116.

(5) Temporary partial disability may not be credited against any permanent partial disability award or settlement under 39-71-703."

Section 3. Effective date. [This act] is effective on passage and approval.

In an action filed under this subsection, the court may assess the costs and attorney fees against the person bringing the charges if the court determines that a violation did not occur or against the officer or employee if the court determines that a violation did occur. The court may impose sanctions if the court determines that the action was frivolous or intended for harassment.

(4) The employing entity of a local government employee may take disciplinary action against an employee for a violation of this part.

(5) (a) A local government may establish a three-member panel to review complaints alleging violations of this part by officers or employees of the local government.
